(N) (M2)

Some Sprint Prepaid PhoneCards have a "recharge" feature whereby the consumer may add increments of minutes or dollars, in the format of the original card, to their phone card by calling the 800 number on the back of the card. Consumers may add up to \$100 one time in a 24-hour period. Additional time must be paid for by the consumer with a major credit card and will be added to the prepaid card once the credit card has been verified. The recharge rates will equal the rates of the prepaid card at the time of purchase unless otherwise stated in this tariff.
