2.11 Non-Routine Installation and/or Maintenance Charges

When at the specific request of the customer, installation and/or routine maintenance is performed outside of regular MFI business hours, a special charge may apply. Special charges will be based upon the actual labor, material, and other costs incurred by, or billed to MFI for such installation or maintenance.

If installation and/or routine maintenance is begun during regular business hours and, at the request of the customer, is extended beyond these normal business hours for completion of the task, and these circumstances are not the fault of MFI, special charges may apply. Such circumstances include, but are not limited to, weekend, holiday, or night time cutover, and additional installation testing in excess of the normal testing required to provide service.

4.2 Municipal Franchise Payments

4.2.1 Whenever MFI incurs an obligation (or an increase thereof) under a franchise ordinance to pay a municipality an amount measured by the revenues from providing communications services, the Company may charge its customers within the corporate limits of that municipality, in addition to all other lawful rates and charges:

A. An amount equal to the franchise payment, and customers' proportionate part of such.

B. An amount equal to the increase, if any, in taxes and other payments to governmental bodies resulting from the collections hereunder, by the addition of a uniform percentage to amounts billed for intrastate services within the municipality.

4.2.2 These provisions will be automatically applied upon the effective date of the municipal franchise ordinance to which they pertain.

4.3 Customer-Caused Trouble Charge

If an interruption or impairment occurs on a service, MFI is responsible for receiving trouble reports from its Customer and must determine whether the fault is in (1) connected equipment or system or (2) the Customer facilities or (3) the Local Access Service or (4) any other service provided by MFI. MFI will test and maintain only that service or equipment which it provides except as set forth in Section 6, following.

Maintenance of Service Charges, as set forth in Section 6, following, apply if the Customer requests MFI to clear trouble and all MFI provided services, facilities and equipment are found to be functioning correctly.
