- D. When the customer orders additional PVCs, nonrecurring charges will apply. In addition, Administrative Charges will apply to all changes made to a customer's ATM configuration at the customer's request.
- E. The ATM access services not covered by this tariff will be ordered from the Telephone Company's Private Line Services and Channels Tariff, the **Company's Intrastate Access Service Tariff**, or the **CenturyLink Operating Companies Tariff F.C.C. No. 9**, or through an Individual Case Basis (ICB) contract. (T)

I. BASIC RATE INTERFACE (BRI) ⁽¹⁾ (Cont'd)

B. Regulations (Cont'd)

9. (Cont'd)

Emergency 911 calls placed over ISDN-BRI lines provisioned via this arrangement will be identified as the alternative service central office NXX and not the non-ISDN compatible central office NXX. The Company shall not be liable for any loss or damages arising from emergency calls placed from ISDN-BRI lines provisioned via an alternative serving central office.

10. One directory listing will be provided with ISDN-BRI. Additional listings are available as specified in the Company's General Exchange Tariff.

11. ISDN-BRI Service will be assessed the appropriate interstate charges (e.g. End User Common Line and Presubscribed Interexchange Carrier Charge), as defined in the **CenturyLink Operating Companies Tariff F.C.C. No. 9.**

(T)

12. ISDN-BRI does not provide for the transmission of packet data on either the D-channel or one of the B-channels.

13. ISDN-compatible terminal equipment is a requirement for operation and is the customer's responsibility. ISDN customer-premise equipment is dependent upon commercial power and not power from the Company central office. For their safety and well-being, all ISDN customers are encouraged to maintain a non-ISDN access line on the premises for emergency calls in the event of a loss of commercial electrical power. In the event a subscriber elects to disconnect or not maintain a non-ISDN access line, the customer assumes full responsibility for telephone service in the event of an emergency.

14. ISDN-BRI Service is available with single line residence⁽¹⁾ and business service.

15. ISDN-BRI lines may be purchased out of this tariff to be associated with Centrex Service, as defined in Section 44 of this tariff. Terms and conditions for Centrex Service will apply to these ISDN-BRI lines except as otherwise stated in this section. Optional features compatible with ISDN-BRI may be purchased from the Centrex Optional Features Section of the tariff as well as features unique to ISDN lines from the Optional Features in this section.
