TARIFF FORMAT

RECEIVED

OCT 13 1993

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the MOPSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the MOPSC follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.a.
 - 2.1.1.A.1.a.(1).
- D. **Check Sheets** - When a tariff filing is made with the MOPSC, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the MOPSC.

2.16 Returned Checks

2.16.1 If Company receives a check from a Customer in payment for service rendered or for any other reason of indebtedness and which is returned from the bank due to insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or for any other reason, Company shall apply a service charge after Customer has been forwarded a notice of same five days in advance as follows:

Per Returned Check: 5% or fifteen dollars, which ever is greater.

2.16.2 The charge shall be applied to Customer's monthly billing, in addition to any other charges which may apply under this tariff.

2.16.3 Payment rendered by check, which is subsequently dishonored shall not constitute payment until such time as repayment is made by valid means.

2.17 Timing of Calls

2.17.1 USW bills calls in six second increments. Long distance usage charges are based on the actual usage of USW's network. Usage begins when the called party picks up the receiver. Chargeable time ends when either party "hangs up" thereby releasing the network connection. USW does not bill for uncompleted calls.

2.18 Billing Procedure

2.18.1 USW's billing is done internally at USW's headquarters located at 126 Presidential Blvd., Bala Cynwyd, PA 19004. USW bills in six second increments for all services. USW does not charge for incomplete call attempts; and uses V&H rate center coordinates for determining mileage distances between the rate center of the true call point of origin and the rate center for the point of termination for rating calls.

2.19 Customer Service

2.19.1 In the event that the customer is experiencing a service problem, the local telephone company will refer the customer to USW. Questions regarding billing can also be directed to USW's Customer Service Department in Bala Cynwyd, Pennsylvania via mail or by dialing their toll free number, 800 545-8292. Credits to customer accounts will be applied on the next USW bill.

Dear Mr. Roberts:

This letter and attachment are filed on behalf of US WATS, Inc. to provide current information regarding the company's regulatory contact, officers, directors and other items of interest. Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose. Thank you for your assistance in this matter.

Sincerely,

Hal Stringer
