**ADOPTION NOTICE  
ELECTRIC**

On June 4, 2018, the transactions authorized by the Missouri Public Service Commission ("Commission") Report and Order dated May 24, 2018, in Case No. EM-2018-0012 closed. As a result, Great Plains Energy Incorporated, a Missouri corporation, was merged with Westar Energy, Inc. ("Westar"), a Kansas corporation and Evergy, Inc. ("Evergy") was created as a holding company owning, directly and indirectly, subsidiary operating utility companies. Since that time, Kansas City Power & Light Company (a direct subsidiary of Evergy) changed its legal name to Evergy Metro, Inc. in accordance with corporation law. The company will continue doing business as Evergy Metro, Inc. d/b/a Evergy Missouri Metro.

Evergy Missouri Metro hereby adopts, ratifies and makes its own in every respect, as if the same had been originally filed by it, all tariffs, schedules, and rules and regulations of Kansas City Power & Light Company. Evergy Metro, Inc. will operate in the areas formerly served by Kansas City Power & Light Company using the name Evergy Missouri Metro.

For Missouri Retail Service Area

RESIDENTIAL STANDARD TIER SERVICE Schedule R
---

**AVAILABILITY**

For secondary electric service to a single-occupancy private residence and individually-metered, multiple occupancy residential dwellings:

Single-phase electric service for residential customers that have a dwelling unit having kitchen facilities, sleeping facilities, living facilities and permanent provisions for sanitation. This rate schedule shall also be applicable to ordinary domestic and farm use, including but not limited to well pumps, barns, machine sheds, detached garages, home workshops and other structures used for permanent human occupancy subject to Company approval. However, this schedule is not applicable for crop irrigation, commercial dairies, hatcheries, feed lots, feed mills, dormitories or other structures designed to provide multiple sleeping quarters for unrelated individuals, or any other commercial enterprise. Customers currently served with separately metered space heat may be served under the single meter heat rate (Rate B).

Service under this rate will be available to Customers without Advanced Metering Infrastructure (AMI) metering due to opt-out of AMI metering or due to technological barriers limiting the installation of AMI metering.

As of April 1, 2026, this rate shall be available as an opt-in option to customers otherwise served under the Company's Residential Peak Adjustment Service (Schedule RPKA).

Three-phase electric service for ordinary domestic and farm use customers being served residential three-phase prior to the effective date of this revision or, at the Company's discretion, for residential customers requesting ordinary domestic use residential three-phase service subsequent to the effective date of this revision. The Customer shall bear all costs related to provision of three-phase service greater than the costs associated with providing normal, single-phase residential.

Single-phase electric service through a single or separately metered circuit for space heating purposes in the residence. Single metered electric space heating equipment shall be of a size and design sufficient to heat the entire residence. Electric space heating equipment may be supplemented by wood burning fireplaces, wood burning stoves, active or passive solar heating, and used in conjunction with fossil fuels where the combination of energy sources results in a net economic benefit to the customer. Electric space heating equipment shall be permanently installed and thermostatically controlled. In addition to the electric space heating equipment, only permanently installed all-electric single-phase equipment used to cool or air condition the same space which is electrically heated may be connected to the separately metered circuit, with the exception noted in Rate Section D below.

Temporary or seasonal service will not be supplied under this schedule.
