Hello I've decided to let go of this issue with Ameren I had already mentioned to Marcella that I had filed Bankruptcy and I also spoke with Ameren's Attorney the day after I filed and I told her that I had filed for bankruptcy. I've put the whole amount of Ameren's bill under my Bankruptcy I owe them nothing this has been going on for so long this has taken a toll on me and I just can't deal with this situation anymore. I know that I didn't owe the money but I don't have to fight about it anymore Bankruptcy has been filed and I am done with Ameren. I also left two messages for the person that took over after Marcella left and in those messages I also stated that I had filed for Bankruptcy so you all knew it so saying that you just found out isn't true but for some reason all of you seem to have amnesia. So I am no longer going to pursue this matter I've put every dollar Ameren claims is owed under my Bankruptcy and I have a zero balance so I won't be moving forward I am dismissing the case and this is my filing today on June 6th 2018 at 1:29 pm. Please file this for me thank you.
