## **ORDER UNCONSOLIDATING CASES**

Issue Date: October 7, 2013

Effective Date: October 7, 2013

On January 30, 2013, Earth Island Institute d/b/a Renew Missouri and several other organizations (collectively Renew Missouri) filed separate complaints against Kansas City Power & Light Company (KCP&L), KCP&L Greater Missouri Operations Company (GMO), Union Electric Company, d/b/a Ameren Missouri and The Empire District Electric Company. On April 8, the parties jointly filed a common procedural schedule for these four complaints and requested that the cases be consolidated. The Commission granted that request and these four complaints have proceeded on a common procedural schedule that will lead to an evidentiary hearing on October 22.

On October 3, the Commission granted Empire's motion for summary determination. In doing so, the Commission unconsolidated the complaint against Empire - EC-2013-0382 – and ordered that it would proceed independently henceforth. In the same order, the Commission denied motions for summary determination filed by Renew Missouri and by KCP&L and GMO.

On October 4, Renew Missouri, Staff, KCP&L, and GMO filed a joint motion asking the Commission to suspend the procedural schedule as it pertains to Renew Missouri's complaints against KCP&L and GMO. The motion explains that the joint movants have filed a stipulation and agreement in a related case that contains a provision requiring Renew Missouri to dismiss its complaints against KCP&L and GMO. Assuming the Commission approves the stipulation and agreement, there will be no need for a hearing and the procedural schedule, including the requirement to file surrebuttal testimony on October 8, will be unnecessary. Renew Missouri's complaint

against the other utility defendant, Ameren Missouri, is not affected by the stipulation and agreement and the movants do not ask for the suspension of the procedural schedule for that complaint.

Since the three remaining consolidated complaint cases can no longer be handled in a consolidated manner, the Commission will unconsolidated them. Thereafter, the Commission will address the motion to modify procedural schedule in the once again separate complaints against KCP&L and GMO.

**THE COMMISSION ORDERS THAT:**

1. File Nos. EC-2013-0379, EC-2013-0380, and EC-2013-0381 are unconsolidated and shall proceed independently henceforth.
2. This order shall become effective upon issuance.

**BY THE COMMISSION**

A handwritten signature in cursive script that reads "Morris L. Woodruff".

Morris L. Woodruff  
Secretary

Dated at Jefferson City, Missouri,  
on this 7<sup>th</sup> day of October, 2013.

Woodruff, Chief Regulatory Law Judge
