

**STATE OF MISSOURI
PUBLIC SERVICE COMMISSION**

At a session of the Public Service
Commission held at its office in
Jefferson City on the 23rd day of
October, 2013.

Earth Island Institute d/b/a
Renew Missouri, et al.

Complainants,

v.

Union Electric Company d/b/a
Ameren Missouri,

Respondent.

File No. EC-2013-0381

ORDER APPROVING STIPULATION AND AGREEMENT

Issue Date: October 23, 2013

Effective Date: November 2, 2013

On October 10, 2013, most of the Complainants - specifically Earth Island Institute d/b/a Renew Missouri, Missouri Coalition for the Environment, Missouri Solar Energy Industry Association, Missouri Solar Applications, LLC, The Alternative Energy Company, LLC, and StraightUp Solar – joined by Union Electric Company d/b/a Ameren Missouri, the Staff of the Commission, and Missouri Industrial Energy Consumers, filed a stipulation and agreement to resolve all issues connected with the complaint against Ameren Missouri. One of the complainants, Wind on the Wires, and the Office of the Public Counsel did not join in the stipulation and agreement, however, those parties did not oppose the stipulation

and agreement within seven days of its filing and therefore, pursuant to Commission Rule 4 CSR 240.2.115(2), the Commission will treat the stipulation and agreement as unanimous.¹

The complaint against Ameren Missouri alleged the utility violated Commission Regulation 4 CSR 20.100(7)(B)1.F by failing to perform and disclose a detailed description of its calculation of the one percent retail rate impact associated with its compliance with the Renewable Energy Standards established by Sections 393.1020-1035, RSMo (Supp. 2012). The stipulation and agreement resolves that complaint by requiring Ameren Missouri to perform the required retail rate impact limit calculation in all future RES compliance plans. In addition, Ameren Missouri is required to include a detailed explanation of such calculation in its annual RES compliance plans. In return, the complainants agree to dismiss their complaint against Ameren Missouri.

After reviewing the stipulation and agreement, the Commission independently finds and concludes that such stipulation and agreement is in the public interest and should be approved.

THE COMMISSION ORDERS THAT:

1. The Stipulation and Agreement filed on October 10, 2013, is approved as a resolution of the issues addressed in that stipulation and agreement. The signatory parties are ordered to comply with the terms of the stipulation and agreement. A copy of the stipulation and agreement is attached to this order, and is incorporated herein by reference.

¹ Public Counsel filed a response on October 11 indicating it does not oppose the stipulation and agreement.

2. The complaint against Union Electric Company d/b/a Ameren Missouri brought by Earth Island Institute d/b/a Renew Missouri; Missouri Coalition for the Environment; Missouri Solar Energy Industries Association; Wind on the Wires; The Alternative Energy Company, LLC; StraightUp Solar; and Missouri Solar Applications LLC, is dismissed.

3. This order shall become effective on November 2, 2013.

4. This file shall be closed on November 3, 2013.

BY THE COMMISSION
