To: Jones, Kennard

Subject: EC-2013-0524 PROCEDURALSCHEDULE

Mr. Jones, it becomes very apparent that I was refusing to take responsibility for AmerenUE sending me a bill for electric service at that address. I emphatically denied that I should be held responsible for this corporate chicanery. Only after constant wrangling on the part of the representative, did anything remotely close to my accepting responsibility was elicited, with my vowing to contest the same at a later date.
