SECTION 2 – GENERAL RULES AND REGULATIONS

2.1 Undertaking of Company

The Company's service is available statewide. The obligation of the Company to provide service is dependent upon its ability to procure, construct, and maintain facilities that are required to meet the Customer's Service Order.

The Company's services are furnished for telecommunications services originating and/or terminating in any area within the State of Missouri.

The Company is a facilities-based and resale provider of telecommunications to Customers for the direct transmission and reception of voice, data, and other types of communications. Services are offered via the Company's facilities (whether owned, leased, or under contract) in combination with resold services provided by other certificated carriers. The Company is responsible under this tariff only for the services and facilities the Company provides hereunder.

Subject to availability, the Customer may use account codes to identify the users or user groups on an account. The numerical composition of the codes shall be set by Company to assure compatibility with the Company's accounting and billing systems and to avoid the duplication of codes.

The Company's services are provided on a monthly basis unless otherwise provided, and are available twenty-four (24) hours per day, seven (7) days per week, subject to the availability of necessary service, equipment and facilities and the economic feasibility of providing such necessary service, equipment, and facilities.

2.2 Application for Service

Service may be initiated only based on a written agreement between the Company and the Customer. To initiate a service request, the Customer must provide the following information: the Customer's name; an address to which the Company shall provide service; and a billing address (if different). The service application does not itself bind either the Customer to subscribe to the service or the Company to provide the service.

Request for service under this Tariff will authorize the Company to conduct a credit search on the Customer. The Company reserves the right to refuse service on the basis of credit history, and to refuse further service due to late payment or nonpayment by the Customer. Potential customers who are denied service must be given the reason for the denial in writing within 10 days of service denial.

2.3 Contracts or Agreements

Private line services will be made available to customers in a non-discriminatory manner. Rates for private line services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the service and will be made available to the Missouri Public Service Commission Staff upon request on a proprietary basis. ICB rates will not be used for switched services.

2.4 Deposits

The Company may, at its sole discretion, require a deposit or usage prepayment as a condition to receiving service or additional service. The Company reserves the right to review an applicant's or a Customer's credit history at any time to determine if a deposit is required.

In the event the Customer fails to establish a satisfactory credit history, deposits are a form of security that may be required from Customers to ensure payment of bills.

Deposits shall be no greater than twice the estimated average monthly bill for the class of service applied for.

Deposits will be refunded with interest within 30 days after discontinuance of service or after 12 months of service, whichever comes first. Interest will accrue on the amount deposited. The interest rate to be applied shall be a composite yield of intermediate term, A-rated corporate bonds, as reported in financial publications, less costs of administering deposits of 1.75% per year. The rate will be updated effective January 1st each year and the Commission will issue an advisory letter announcing the interest rate. The Company will credit such interest to each depositor by paying such interest in cash or deducting it from the amount of a bill for service.

2.5 Notices

Notices provided to the Customer by the Company shall be as follows:

A. Discontinuance of Service Notice

(1) Notice by Customers

Customers are responsible for notifying the Company of their desire to discontinue service on or before the date of disconnection. Such notice must be in writing.

(2) Notice by Company

St. Louis, MO 63131

Notices to discontinue service for nonpayment of bills will be provided in writing by first class mail to the Customer not less than 7 calendar days prior to termination. Each notice will include all of the following information:

1. The name and address of the Customer whose account is delinquent.
2. The amount that is delinquent.
3. The date when payment or arrangements for payment are required in order to avoid termination.
4. The procedure the Customer may use to initiate a complaint or to request an investigation concerning service or charges.
5. The telephone number of a representative of the Company, who can provide additional information or institute arrangements for payment.

Notices the Company sends to Customers, or the Commission, will be a legible size and printed in a minimum point size type of 10 and are deemed made on date of presentation.

2.6 Rendering and Payment of Bills

- A. Charges for service are applied on a recurring basis. Service is provided and billed on a monthly (30 day) basis. Months are presumed to have 30 days. The billing date is dependent on the billing cycle assigned to the Subscriber. Service continues to be provided for the minimum service term.
- B. The Customer is responsible for the payment of all charges for services furnished to the Customer. Charges are billed monthly in advance. The Company is not responsible for any telephone charges that may be incurred by the Customer in gaining access to the Company's network.

the maximum allowable under state law. The late payment date will be prominently displayed on the Customer's bill. Company shall endeavor to credit payments within 24 hours of receipt to avoid assessing late payment charges incorrectly.

- D. The name(s) of the Customer(s) desiring to use service must be set forth in the application for service.

2.7 Disputed Bills

Billing disputes should be addressed to Company's customer service organization via telephone to 1-877-423-2743. Customer service representatives are available from 8:30 AM to 5:59 PM Eastern Time. Messages may be left for Customer Services from 6:00 PM to 8:29 AM Eastern Time, which will be answered on the next business day, except in the event of an emergency which threatens customer service, in which case Customer Service Staff may be paged.

In case of a billing dispute between the Customer and the Company as to the correct amount of a bill that cannot be adjusted with mutual satisfaction, the Customer can make the following arrangement:

Prior to suspension or termination of service by the Company, the Customer may request, either orally or in writing, that the Company investigate and review the disputed amount. The Company will comply with such request. The undisputed portion of the bill must be paid by the due date shown on the bill or the service will be subject to suspension/termination if the Company has notified the Customer by written notice of such delinquency and impending suspension/termination. Company will also advise the Customer in writing of the Commission's formal and informal complaint procedures and that, if there is still disagreement after the investigation and review by the Company and the Company's written findings to the Customer, the Customer may appeal to the Commission within 10 days of the date the Company mailed its findings to the Customer.

The Company will not suspend/terminate the Customer's service for nonpayment as long as the Customer complies with the procedures of this section.

In order to avoid suspension of service and late payment charges, the disputed amount must be paid within fourteen (14) calendar days after the date the Company notifies the Customer that the investigation and review are completed and that such payment must be made or service will be interrupted. However, the Company will not suspend service prior to the payment due date as shown on the bill.

A customer may dispute charges and seek a credit for bills paid to the Company within two years of billing, commencing five (5) days after remittance of the bill.

2.8 Cancellation of Service by Company

A. The Company may discontinue service under the following circumstances:

1. Nonpayment of any sum due to the Company for service more than 30 days beyond the date of the invoice for such service. In the event the Company terminates service for nonpayment, the Customer may be liable for all reasonable court costs and attorneys fees as determined by the Commission or by the Court; or
2. In the event of a condition determined to be hazardous to the Customer, to other Customers of the utility, to the utilities equipment, the public or to employees of the utility; or
3. By reason of any order or decision of a court or any other governmental authority which prohibits the Company from furnishing such service; or
4. If the Company deems such refusal necessary to protect itself or third parties against fraud or to otherwise protect its personnel, agents, facilities or services without notice; or
5. For unlawful use of the service or use of the service for unlawful purposes; or
6. Failure to post a required deposit or guarantee; or
7. A violation of, or failure to comply with, any regulation or condition governing the furnishing of service; or
8. If the Customer provides false information to the Company regarding the Customer's identity, address, creditworthiness, or past, current or planned use of Company's services.

B. The Company will provide the following notice of disconnection:

1. Written notice of the pending disconnection will be rendered not less than 7 days prior to the disconnection. Notice shall be deemed given upon deposit, first class postage prepaid, in the U.S. Mail to the Customer's last known address.
2. Service may be discontinued during business hours on or after the date specified in the notice of discontinuance. Service will not initially be discontinued on any Saturday, Sunday, legal holiday, or any other day Company service representatives are not available to serve Customers.

2.9 Cancellation of Service By Customer

Customer may cancel service by providing written notice to Company thirty (30) days prior to cancellation. However, Customer may not cancel service prior to expiration of the initial five (5) year term

Customer is responsible for charges while still connected to the Company's service and the payment of associated local exchange company charges, if any, for service charges.

Any non-recoverable cost of Company expenditures shall be borne by the Customer if:
