**APPLICATION FOR CHANGE OF ELECTRIC SERVICE PROVIDER**

1. Applicant's address is: 102 Broken Bridge Lane  
Platte City Mo. 64079

2. The name of Applicant's current electric service provider is: Evergy

3. Applicant requests the Missouri Public Service Commission to order a change of electric supplier to the address indicated above.

4. Applicant requested the Commission to order a change of electric supplier from EVERGY (Current)  
to Platte - Clay Electrical Cooperative (Requested)

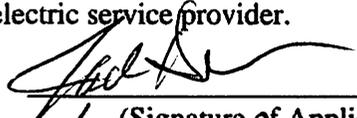

5. Applicant requests the Missouri Public Service Commission to order a change of electric provider for the following reasons.\* Frequent Power outages  
We Both are self Employed, Tammy with a Home Daycare  
Jack with a Remodeling Co. Loss of Power causes loss  
of HVAC use, as well as the ability to prepare hot meals  
for the children. For the Remodeling Co. we have a small  
Shop which we do custom work, which can not be performed  
with out power.

Our street is serviced by PCEC with the exception of 3 houses, (ours being one of them)  
With that said PCEC pad mounted Transformer is in  
our front yard less than 200' from our meter.

6. Applicant has taken the following steps in an attempt to work out electric service problems with the electric service provider: Very Little we can do other than call + report the outages. We are given generic responses. Last phone call we were told it was from squirrels causing bare lines. When we asked why the power outages were so frequent the response was "There are a lot of squirrels out there."

WHEREFORE, Applicant requests the Missouri Public Service Commission to issue an Order which changes the current electric service provider.
