In support whereof, Staff states that it has reviewed the 154-page interconnection agreement and is unable to determine whether or not it meets the requirements of the law or complies with the Arbitrator’s Report.

WHEREFORE, Staff prays that the Commission will order the parties to provide for review a marked-up version of the interconnection agreement in which the arbitrated provisions are clearly delineated from the negotiated provisions and allow it one week from the submission of the marked-up interconnection agreement within which to complete its review.
