March 20, 2013

Warner L. Baxter
Chief Executive Officer and President
Ameren
1901 Chouteau Ave
St. Louis, MO 63103

Dear Warner L. Baxter,

I have been contacted by numerous constituents about the proposed power line that Ameren will be placing in the Clarksboro/Windsor Estates subdivision in Liberty, MO. My constituents have indicated their displeasure at the power line and I have contacted your organization in the past with their concerns.

I am writing you today to ask that you continue to work with the residents of the subdivision to find an adequate remedy to their situation. While I know that the legislature has no authority over the placement of power lines, I will do what I can in my position help find a solution.

Thank you for your time and please update my office on any new developments.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Silvey", with a large, sweeping flourish underneath.

Senator Ryan Silvey
District 17
