**Subject:** Annual Report Deficiency for Windstream NuVox Missouri, Inc. (BMAR-2011-1263 and BMAR-2011-1264)

This email is a deficiency notice for your annual report. Your annual report is considered deficient until the following issue(s) are addressed:

Item No. 7 on page 4 of your annual report indicates the company does not offer basic local telecommunications service or IVoIP service; however, this response is inconsistent with the information on page 5 of your annual report indicating line quantities for local voice service.

Item No. 7 on page 4 of your annual report fails to adequately address the table identifying the number of low income and disabled subscribers served by the company. Since your company is reporting line quantities on page 5 of your annual report we want the table on page 4 of the annual report to be addressed. If your company does not have any subscribers participating in the low income or disabled programs please insert "0"s in this table or indicate on this page a statement that the company did not have any low income or disabled subscribers.

Please resubmit your revised annual report in its entirety if your annual report needs to be revised to correct the deficiency. Any revised annual report/response must be filed within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number previously supplied upon your initial annual report submission to the Commission.

Please be aware that per Commission rule 4 CSR 240-3.540(4) a company is required to respond within 20 days of being notified of a deficiency in a company's annual report. Failure to respond within 20 days may subject the company to a penalty of \$100 per day that it is late in filing a response to the deficiency.
