Subject: Annual Report Notice for Zito Missouri-Kansas, LLC (BMAR-2018-1297)

This email is a notice regarding your annual report.

Section 392.550.3(7)(C)RSMo requires companies providing IVoIP service to submit, as part of their annual reports, the number of customers or lines served in each exchange, and requires the Commission to maintain such information as proprietary and not available to the public. The document you previously submitted contains information regarding the number of customers or lines served in your exchange(s) and was submitted as a public document. Therefore, the company must resubmit its report in two forms, a public and non-public version.

Please follow these [instructions](#) for filing confidential versions of documents with the Commission. The Commission has changed the designation of the public version to non-public to keep the line counts proprietary.

Please resubmit your public and non-public annual report in its entirety ~~within~~ the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number(s) in the subject of this email. Please ensure a revised annual report/response is filed within EFIS for each annual report originally filed within EFIS. For instance if your company holds more than one certificate or registration then an annual report must be filed in EFIS based on each certificate or registration your company holds.

Failure to respond and adequately resolve this issue within 20 days may result in punitive action against the company. If you have any questions you may contact me using the information below.
