Subject: Broadview Net Plus 2003 Missouri Annual Report

Thank you for submitting the 2003 Missouri Interexchange Telecommunications Carrier Annual Report.

I have reviewed the report and am asking that in future annual report submissions that you use the d/b/a Broadview Net Plus rather than the parent company, Broadview NP Acquisition Corporation as the full company name.

In addition our records indicate that the effective date of the certification was May 30, 2002. Please use this date in future annual report submissions.

I also found that there was no response to page 2, items 8, type of Missouri tax return filed, and 9, Missouri taxpayer ID. Please provide responses to these two items. If the responses are not applicable please so indicate.

Please respond to these two questions at your earliest convenience by sending an email to me. I will see that the information is then included with the annual report submitted.

Please call or email if you have any questions.
