Subject: Lightcore-A Centurylink Company-IXC-2009 MOPSC Annual Report-Deficiencies

Thank you for submitting your 2009 Annual Report to the Missouri Public Service Commission. As a result of my review, I have identified the following items that need to be corrected:

On page 7, it was indicated that the company had previously submitted the annual CPNI certificate. However, MOPSC has not received this submission. Resubmission of this page and verification page are required. A copy of the company's FCC CPNI filing will suffice.

A response for this/these item(s) is required in order to show your report as complete and remove it from deficiency status.

You **must resubmit** the annual report with the appropriate changes and the reference number below for it to be properly entered into the system.

Your prompt attention to resolving this matter is appreciated. The Commission's rule 4 CSR 240-3.540 (4) states that a utility company which receives a notice of deficiency for the information provided in the annual report shall respond to that notice within **20 days**, or the utility company is subject to a **penalty of \$100** for each day that it is late in filing its response to the deficiency.

The completed document/revision should be submitted electronically under EFIS (accessible from the Commission's Web page <http://www.psc.mo.gov/>) or mailed to:

Data Center
Missouri Public Service Commission
200 Madison Street, Suite 100, Jefferson City, MO 65101
(P.O. Box 360, Jefferson City, MO 65102-0360)

When contacting the Commission concerning your report, please reference the following identification number: **BMAR-2010-0605**.

Should you have any questions or need assistance in this process, please contact me.

A COMPANY RESPONSE TO THE ABOVE DEFICIENCY(CIES) IS REQUIRED.

Sincerely,
Mick Johnson
