Subject: Annual Report Deficiency for Birch Communications (Birch) (BMAR-2016-2054 & BMAR-2016-2056)

This email is a deficiency notice for your annual report. Your annual report is considered deficient until the following issue(s) are addressed:

- The company name on your annual report fails to exactly match the company name maintained within Missouri PSC records. Please submit an amended annual report matching the name of your company as contained in Missouri PSC records. Alternatively, if you have failed to notify the Missouri PSC of a name change you should explain in a response filed with your annual report as well as simultaneously make a filing pursuant to Missouri PSC rule 4 CSR 240-28.030.
- The company only submitted a "non-public" version of the annual report. In such instances a company must also submit a "public" version of the annual report.

Please resubmit your revised annual report in its entirety if your annual report needs to be revised to correct the deficiency. Any revised annual report/response must be filed within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number(s) in the subject of this email. Please ensure a revised annual report/response is filed within EFIS for each annual report filed within EFIS. For instance if your company holds more than one certificate or registration then an annual report is filed within EFIS based on each certificate or registration held by a company.

This deficiency must be resolved within the next 20 days. Failure to respond and adequately resolve the deficiency by this deadline may result in punitive action against the company.
