ORDER PROVIDING NOTICE, ESTABLISHING INTERVENTION

DEADLINE, AND DIRECTING RESPONSE

Issue Date: February 8, 2008

Effective Date: February 8, 2008

On February 8, 2008, Kansas City Power & Light Company ("KCPL") asked the Missouri Public Service Commission to grant it a variance from the provisions of Commission Rule 4 CSR 240-3.160 to allow it to delay the filing of a depreciation study data base, and property unit catalog until the filing of its 2009 Rate Case associated with the anticipated completion of latan2. KCPL further requested that the Commission issue an order addressing its request no later than March 15, 2008, to avoid the need for KCPL to prepare and submit a depreciation study in conjunction with the 2008 Rate Case that KCPL anticipates filing "by June or July of 2008."

Since the Commission's decision to grant or deny the requested variance will affect the substance of the KCPL's anticipated rate case filing in "June or July of 2008," the Commission will provide notice to other potential interested parties and the public, and will establish an intervention deadline. The Commission must act on KCPL's request quickly so KCPL can have guidance from the Commission before filing its anticipated rate case in mid

2008. Therefore, the Commission will establish a date for its Staff and other interested parties to offer recommendations regarding KCPL's request for variances and clarification.

IT IS ORDERED THAT:
