

On February 13, 2007, Ms Holstead also filed on behalf of Big Island Water Company and Big Island Sewer Company, a "Supplemental Direct Testimony of Gail Snyder." Document letterhead for filing submission to Judge Dale, states the "Law Office of Pamela Holstead," with an address of 3458 Big Island Drive, Roach, MO. 65787. The address provided, corresponds to Ms. Holstead's personal, residential address; and a telephone number of the same. No signature appeared on this document, only that of Ms. Holstead's professional logo.

The question has arisen from interveners in this case, as to the legal representation of Ms. Holstead in case no. WO-2007-0277, the Order Authorizing the Transfer and Assignment of Utility Assets, with respect to the Big Island Water Company and the Big Island Sewer Company. Intervenors in this case, have questioned the extent of Ms. Holstead's legal representation of the Big Island Water Company and the Big Island Sewer Company, to extend to and include, the future, potential member customers of the companies?

Being an Intervener in this case, Ms. Cathy Orlor's name appears on this pleading, and is represented by her signature. However, Ms. Orlor wants to make absolutely clear to the Commission, that in no way is she representing any other party or parties to this case; Ms. Orlor is merely filing this request as a means for clarification purposes. Ms. Orlor's request to the Commission, is for clarification in the form of a Commission Ruling and/or Order, or other form of relief as the Commission may deem necessary in this matter.

Respectfully submitted,

Cathy Orlor
