Basic Local Exchange )  
Telecommunications Service in the State )  
of Missouri. )

## ORDER GRANTING AN EXPANSION OF BROADVIEW NETWORK INC.'S CERTIFICATE OF AUTHORITY

Issue Date: December 12, 2017

Effective Date: December 22, 2017

On November 13, 2017, Broadview Networks, Inc. (“Broadview”) filed an application to expand its certificate to provide basic local exchange telecommunications services in additional exchanges in the State of Missouri, and to classify Broadview and its services as competitive.

**The Commission determined:**

Broadview is not delinquent in filing an annual report, paying the PSC assessment, MoUSF, and Relay Missouri.

The grant of authority is in the public interest under § 392.430 and §392.440 RSMo.

Broadview and its services are classified as competitive.

**The Commission's grant of authority is subject to the following conditions:**

- a. The applicant's originating and terminating access rates shall not exceed the access rates of the incumbent local exchange company against whom the applicant is competing pursuant to §§ 392.361.6 and 392.370 RSMo.
- b. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within thirty (30) days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.

c. The Company will undertake all necessary measures to ensure its contracts with underlying carriers do not contain provisions preventing delivery of traffic to any telephone exchange area of Missouri. Such measures include but are not limited to:

1) Prevention of call blocking and/or call gapping based on the cost of traffic termination.

2) Preventing the alteration or stripping of Calling Party Number identification.

3) Ensuring sufficient network capacity exists to process all traffic according to industry accepted practices.

d. If the Company offers access rates they must be tariffed.

§ 392.461 RSMo allows Broadview to publish its rates, terms and conditions of service on its publically available web site or it may submit a tariff for approval by the Commission prior to providing service in Missouri.

**The Commission will grant a waiver of the following statutes:**

392.210.2 Accounting requirements (system of accounts)

392.240.1 Reasonableness of rates

392.270 Accounting requirements (valuation of property)

392.280 Accounting requirements (depreciation rates/accounts)

392.290 Issuance of stocks, bonds and other indebtedness

392.300 Transfer of property and ownership of stock

392.310 Approval of issuing stocks, bonds and other indebtedness

392.320 Certificate of Commission to be recorded-stock dividends

392.330 Accounting requirements (proceeds of sales of stock, bonds, notes, etc.)

392.340 Company reorganization

The Commission will also grant a waiver of 4 CSR 240-10.020 Depreciation Records.

The Commission has reviewed the application filed by the Company and finds that it complies with the filing requirements set forth in §392.450 and §392.455, RSMo. The Commission will grant the Company's request for an expansion of Certificate of Service Authority.

**THE COMMISSION ORDERS THAT:**

1. Broadview Networks, Inc. is granted an expansion of its certificate of authority to provide basic local exchange telecommunications services in additional exchanges in the State of Missouri under the conditions stated in the body of this order.
2. Broadview and its services are classified as competitive.
3. The authority conferred by the certificate of service authority shall be null and void unless it is exercised within one year of its issuance
4. This order shall become effective on December 22, 2017.
5. The file shall be closed on December 26, 2017.

**BY THE COMMISSION**
