Management, LLC for Certificate of Service Authority)
to Provide Basic Local Exchange and Non-Switched) File No. CA-2016-0260
Local Exchange Telecommunications Services)
in the State of Missouri)

ORDER GRANTING APPLICATION

Issue Date: April 29, 2016

Effective Date: April 29, 2016

Mobilitie Management, LLC (“applicant”) is a Delaware limited liability company. Applicant filed the application.¹ The Commission issued notice and set a deadline for motions to intervene.² The Commission received no motion to intervene. Staff filed its recommendation³ in favor of granting the application with conditions set forth below.

The applicant asks that the Commission certify applicant to provide basic local and non-switched local telecommunications service. The Commission finds and concludes that the public interest supports granting that request.⁴ Therefore, the Commission will grant the authority as requested. Applicant also asks the Commission to classify applicant and its services as competitive. The Commission finds that the relevant market competition is in the public interest, and that the services that applicant proposes to offer are competitive.⁵ Therefore, the Commission will classify applicant and its services as competitive.

⁵ Sections 392.420 and 392.361.3 and .4, RSMo Supp. 2015.

The Commission reminds the applicant that any certificate of service authority issued under this order is null and void one year from the date of this order unless the applicant has exercised its authority under that certificate.⁶

THE COMMISSION ORDERS THAT:

1. The applicant's application, for a certificate of service authority to provide basic local exchange and non-switched local telecommunications service, is granted subject to all applicable statutes and Commission regulations except as specified in this order.

2. The applicant shall undertake all necessary measures to ensure its contracts with underlying carriers do not contain provisions preventing delivery of traffic to any telephone exchange area of Missouri. Such measures include but are not limited to:

- a. Prevention of call blocking and/or call gapping based on the cost of traffic termination.
- b. Preventing the alteration or stripping of Calling Party Number identification.
- c. Ensuring sufficient network capacity exists to process all traffic according to industry accepted practices.

3. Applicant is classified as a competitive telecommunications company and applicant's services are classified as competitive.

4. This order shall be effective when issued.

⁶ Section 392.410.5, RSMo Supp. 2015.

5. This file may close on May 1, 2016.
