Subject: Notice of Deficiency

Mr. Reed,

My company 5LINX Enterprises Inc. is attempting to file/submit an application for registration to provide interconnected voice over Internet protocol service; however, it was been declined for certain reasons. In section #3 of the application, it references a Missouri Lawyer; would our Registered Agent be sufficient? If it's an absolute must to have a MO lawyer, could you recommend one as my company is out of state? Secondly, the notice of deficiency states that the application did not contain a signature, street address, telephone number, facsimile or e-mail and from the attached file, I believe I have provided the correct contact information on page 1 of the document. If this is not the area you're referring to can you please clarify?

I look forward to hearing back from you shortly as we are eager to have this matter cleared up.

Kind Regards,
