Case No. SA-2007-0373

MOTION FOR EXTENSION OF TIME

COMES NOW the Staff of the Missouri Public Service Commission, by and through counsel, and for its Motion for Extension of Time states the following to the Missouri Public Service Commission.

1. On April 4, 2007 (unless noted otherwise, all dates herein refer to the year 2007), EMC of St. Charles County, LLC filed its Application requesting that the Commission grant it a certificate of convenience and necessity for a sewer system serving a development in St. Charles County, Missouri.

2. In its Application, EMC noted that several items related to the Application were not yet available and would be late-filed, as is allowed by Commission Rule 4 CSR 240-3.305(2). Included in these items was the feasibility study required by Commission Rule 4 CSR 240-3.305(1)(A)5, which requires applicants for a certificate to include in their Application, among other things, their proposed rates and charges and an estimate of the number of customers, revenues and expenses during the first three years of operation.

3. On April 5, the Commission issued its **Order and Notice**, in which, among other things, it directed the Staff to file its recommendation regarding the subject Application no later than May 21.

4. As of the filing of this Motion, EMC has not yet filed the required feasibility study. As a result, the Staff is unable to complete its analysis of EMC's Application and cannot file its recommendation regarding the Application. (The other items that EMC stated would be late-filed were filed on April 19.)

5. The Staff anticipates that it will be able to file its recommendation regarding EMC's Application within 45 days after EMC files its feasibility study.

WHEREFORE, the Staff respectfully requests that the date for the filing of its recommendation be extended consistent with Paragraph 5 above.

Respectfully Submitted,

/s/ Keith R. Krueger
