

## MEMORANDUM

TO: Missouri Public Service Commission Official Case File  
Case No. SA-2007-0373, Tariff File No. YS-2008-0539  
EMC of St. Charles County, LLC

FROM: Jim Busch – Water & Sewer Department  
Jim Merciel – Water & Sewer Dept.

/s/ Jim Busch                      03/27/2008  
Project Coordinator                      Date

/s/ Kevin Thompson                      03/27/2008  
General Counsel's Office                      Date

SUBJECT: Staff's Recommendation for Approval of Tariff

DATE: March 27, 2008

On March 5, 2008, EMC of St. Charles County, LLC ("Company") filed a complete tariff for sewer service to comply with the Commission's *Order Granting Certificate of Convenience and Necessity* (Order) in this case that became effective December 30, 2007. The Company filed the tariff with an effective date of April 4, 2008

After a review by the Staff, and at the Staff's request, the Company submitted substitute tariff sheets on March 27, 2008 to make some minor changes for typographical errors, and provisions with regard to how new service connections are made.

The Staff believes that the tariff proposed by the Company, with the substitute tariff sheets, is reasonable and complies with Ordered: 2 of the Order. This tariff is similar to the Water and Sewer Department's example tariff for sewer utilities, which is in use by many other regulated sewer utilities.

Since the Company is newly certificated and is not yet providing service to any customers, there are no past due annual reports or assessments. The Company has no other pending actions before the Commission, and approval of this tariff will have no impact upon any other matter before the Commission.

The Staff therefore recommends that the tariff submitted by the Company, consisting of the following pages, be approved to become effective on April 4, 2008:

PSC MO No. 1 Original Sheet Nos. 1 through 27  
(Sheet Nos. 12, 13, 14, and 15 substituted)
