MPSC Case No. EO-2012-0074
Second Prudence Review of Costs Subject to the Commission-Approved Fuel
Adjustment Clause of Union Electric Company d/b/a AmerenU Missouri.

Data Request No.: MIEC 01-007 Diana Brewer

Would Mr. Weiss agree that in setting Ameren Missouri's base rates in rate case proceedings, costs have never been allocated to the AEP and Wabash contracts as if they were non-Missouri jurisdictional customers? If not, please explain why he would not agree.

Yes, but the Company did allocate costs to them when it filed Case No. ER-2010-0036. Costs did not end up being allocated to them because a change to the FAC tariff to limit the exclusion from OSSR in the tariff on a prospective basis to requirements sales with Missouri municipalities was made in that case.
