Cc: Keefe, Glenn; Greashaber, Dennis
Subject: Substation

I spoke to Mike Fisher (9am), who met with Gary Mallory this morning. The following is a summary:

- Need to Rezone I1 (this is consistent with other Cass County Substations).
- The application will go before the Pand Z (they do not anticipate any issues).
- The application will require public hearing.

Mike Fisher requested (at the request of Gary Mallory) that if possible, file the application today or Monday.

Dennis and I will be meeting with Tom LaBarge until ~11am today (we started at 8am this morning). We asked him for option and he agreed that the Rezone was probably the best option. Let me know if Dennis or I can assist in this process.

Thanks,
Terry
