South Harper Peaking Facility Update

Events
2/28: South Harper Neighborhood Meeting

Norma Dunn
Hello - we're glad you are visiting Aquila's South Harper Peaking Facility website. Construction began in late 2004 in rural Cass County -- near Peculiar, MO. [more](#)

Tom Leff
Though the ultimate fate of the facility is not known at this point, our goal is to be a good neighbor by continuing to make technical and natural improvements to

Project Enhancements
Our South Harper Peaking Facility is new and there are a number of upgrades we are making so that the impact on our neighbors is reduced. Learn what we are doing to minimize noise, lower the emissions and create a

Facts and Figures
Every peaking facility is unique. Discover the details about this specific facility - how much energy does it produce, how tall are the stacks, environmental inspections and more.

Questions and Answers
Curious about how a peaking facility power plant works? Want to know why this location was chosen? Get access to questions and answers. Ask your own questions as well.

Our Neighborhood
This is your destination for the latest on the South Harper community projects and to hear community feedback.
