

Chapter 5 - Appendix B

Ameren Missouri Compliance Costs by Coal-fired Generation Resources¹

¹ EO-2014-0062 h; 4 CSR 240-22.040(1)

1- New ash landfill cell in service every 5 years thereafter.

2- Reference and Moderate Cases assume the same in service date; Aggressive Case assumes higher CAPEX.

3- Aggressive Case - Fine mesh screens not required; compliance delay is assumed as cooling towers will be in service.

Arrows show potential time differences in compliance requirements for Moderate and Aggressive Cases from Reference Case. Reference Case was used in modeling.
