**Case No. EO-2012-0441**

**STAFF’S REQUEST FOR EXTENSION OF TIME TO FILE RECOMMENDATION**

**COMES NOW** the Staff of the Missouri Public Service Commission and moves the Commission for an extension of time from the ordered date of August 3, to August 10, 2012, for Staff to file its recommendation on the ground that the signal light at the US 160 overpass at Interstate 44 for which the Missouri Highways and Transportation Commission is requesting a change in electrical supplier from Ozark Electric Cooperative, Inc. to City Utilities of Springfield appears to be beyond the corporate limits of the City of Springfield, but may be within an area City Utilities of Springfield can lawfully serve. The controlling statute is Section 386.800, RSMo. 2000. Staff requires additional time to gather information and make its determination of this question, and requests this one week extension to do so.

**WHEREFORE**, Staff requests an extension of time from August 3 until August 10, 2012, to file its recommendation in response to the application of the Missouri Highways and Transportation Commission.

Respectfully submitted,
