## ORDER ADMITTING TRUE-UP EXHIBITS INTO EVIDENCE

Issue Date: April 27, 2010

Effective Date: April 27, 2010

On April 8, 2010, the Commission's Staff and AmerenUE filed several items of true-up testimony. Subsequently, based on the representation of the parties that there are no true-up issues, the Commission cancelled the true-up hearing that had been scheduled for April 12 and 13. On April 22, Staff and AmerenUE filed a motion asking the Commission to admit their true-up testimony into evidence. The Commission marked each exhibit and ordered that any party wishing to object to the admission of the documents do so by April 26.

No party objected to the admission of Exhibits 180, 241, 242, or 243, but, on April 26, the Missouri Industrial Energy Consumers (MIEC) filed a pleading entitled "Objection to True-Up Reconciliation." Despite its title, MIEC's pleading does not object to the admission of the Revised True-Up Reconciliation offered by Staff as Exhibit 244. Rather, MIEC's pleading asks the Commission to modify that reconciliation to correctly reflect MIEC's position on steam production – net salvage.

The Commission will admit Exhibits 180, 241, 242, and 243 into evidence. The Commission will admit Exhibit 244 into evidence, as modified by MIEC's April 26 pleading.

**THE COMMISSION ORDERS THAT:**

1. AmerenUE's Exhibit 180 is admitted into evidence.
2. Staff's Exhibits 241, 242, and 243 are admitted into evidence.
3. Staff's Exhibit 244 is admitted into evidence as modified by the Objection to True-Up Reconciliation filed by the Missouri Industrial Energy Consumers on April 26, 2010.
4. This order shall become effective immediately upon issuance.
