File No. EO-2013-0538

ORDER ESTABLISHING TIME TO RESPOND TO MOTIONS TO INTERVENE

Issue Date: July 1, 2013

Effective Date: July 1, 2013

On June 28, 2013, The Natural Resources Defense Council (NRDC) and the Sierra Club filed separate motions seeking leave to intervene in this action. Along with their motions to intervene, NRDC and Sierra Club filed motions asking the Commission to expedite its consideration of the motions to intervene. The Missouri Department of Natural Resources and Dogwood Energy, LLC, have also filed motions to intervene but did not request expedited consideration of those motions.

NRDC and Sierra Club's motions for expedited consideration explain that KCP&L Greater Missouri Operations Company (GMO) has scheduled an update workshop for July 11. The prospective intervening parties have engaged the services of attorneys and expert consultants who need to review information filed by GMO to be prepared to participate in the July 11 workshop. However, GMO has filed some information as highly confidential and until NRDC and Sierra Club are granted party status, their attorneys and consultants cannot view the highly confidential information. For that reason, NRDC and Sierra Club ask the Commission to expedite its approval of their applications to intervene to allow their attorneys and consultants to access highly confidential materials for enough time to prepare before the workshop.

Before acting on NRDC and Sierra Club's request, the Commission will establish a time for other interested parties to respond to the motions to intervene. The Missouri Department of Natural Resources and Dogwood Energy, LLC, did not request expedited consideration, but their attorneys and consultants face the same barriers as those of NRDC and Sierra Club. Therefore, the Commission will establish the same date for response to their applications to intervene.

THE COMMISSION ORDERS THAT:

1. Any party wishing to respond to the motions to intervene filed by the Natural Resources Defense Council, the Sierra Club, Dogwood Energy, LLC, or the Missouri Department of Natural Resources shall do so no later than July 3, 2013.
2. This order shall become effective upon issuance.

BY THE COMMISSION

Morris L. Woodruff
Secretary

Morris L. Woodruff, Chief Regulatory
Law Judge, by delegation of authority pursuant
to Section 386.240, RSMo 2000.

Dated at Jefferson City, Missouri,
on this 1st day of July, 2013.
