These are some of the points we need. I hate to ask for a lot but just a way to help with internal comfort levels.

> Ideas for the Letter of Support:
> * The City of Peculiar supports the Chapter 100 Economic Development associated with the peaking facility installation. Realizing the local schools and other local taxing jurisdictions will receive the economic benefit.
> * The City of Peculiar supports the transmission upgrades associated with this project and realizes the economic benefit of this upgraded infrastructure.
> * The City of Peculiar supports the value of the electrical reliability to the community that comes with the peaking facility and transmission/substation upgrades.
>
> Hopefully the City can draft a letter that shows support, but also addresses their needs.
>
> Thanks,
> Terry
