

BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Union Electric Company, d/b/a)	<u>File No. ER-2010-0036</u>
AmerenUE's Tariffs to Increase Its Annual)	Tariff Nos. YE-2010-0054
Revenues for Electric Service)	and YE-2010-0055

ORDER DIRECTING NOTICE, SUSPENDING TARIFF, SETTING HEARINGS, AND DIRECTING FILINGS

Issue Date: July 27, 2009

Effective Date: July 27, 2009

Procedural History

On July 24, 2009, Union Electric Company, d/b/a AmerenUE submitted a tariff designed to implement a general rate increase for electric service. AmerenUE indicates the new electric service rates are designed to increase its gross annual electric revenues by approximately \$401,500,000. The submitted tariff carries an August 23 effective date. By a separate tariff submitted on July 24, AmerenUE would implement an interim rate adjustment that would increase its rates by 1.67 percent. The interim rate adjustment tariff carries an October 1, 2009 effective date.

The Commission's Authority to Suspend Proposed Tariffs:

Section 393.150, RSMo 2000, authorizes the Commission to suspend the effective date of a proposed tariff for 120 days, plus an additional six months to allow for a hearing on the matter. So that it will have sufficient time to study the effect of AmerenUE's general rate increase tariff and to determine if it is just, reasonable, and in the public interest, the Commission will suspend that tariff for a period of 120 days beyond the requested effective

date. Furthermore, because a hearing on the tariff cannot be concluded within 120 days, the tariff will be suspended for an additional six months.

AmerenUE's interim rate adjustment tariff will not become effective until October 1, 2009, so it is not necessary to suspend that tariff at this time. Instead, the Commission will deal with that tariff later, after interested parties have had an opportunity to intervene.

Test Year, True-up and Local Public Hearing Recommendations:

AmerenUE used a historical test year ending March 31, 2009, to be updated for known and measurable changes through February 28, 2010, for purposes of its rate case filing. To quickly resolve test year and true-up questions, the Commission will require the other parties to promptly state their positions regarding AmerenUE's test year proposal, as well as the need for a true-up.

In addition to test year and true-up recommendations, the Commission will direct the parties to file recommendations regarding the scheduling of local public hearings. Any party recommending local public hearings shall also offer recommendations regarding the number, date, time, and location of those hearings.

Hearing Dates, Customer Notice, and Prehearing Conference:

The Commission will schedule an evidentiary hearing in this order and will reserve dates for a true-up hearing. By establishing the hearing dates now, the Commission will ensure that this matter is heard as expeditiously as possible. Additionally, the early establishment of the hearing dates will allow ample time for notice to be sent to customers. The Commission will also set an early prehearing conference and require the parties to file a proposed procedural schedule. Staff will have primary responsibility for preparing the

proposed procedural schedule, but should coordinate the proposed schedule with the other parties as much as possible.

Notice and Intervention:

The Commission's Data Center shall serve a copy of this order upon the county commissions of the counties in AmerenUE's service area, as well as upon the governing body for the City of St. Louis. In addition, the Commission's Public Information Office shall make notice of this order available to the media serving AmerenUE's service area and to the members of the General Assembly representing that area. The Commission will allow proper persons 20 days from the issuance of this order to file an application to intervene.
