At a session of the Public Service Commission held at its office in Jefferson City on the 18th day of November, 2015.

In the Matter of KCP&L Greater Missouri Operations Company's Annual RESRAM Tariff Filing File No. EO-2016-0100 Tariff No. JE-2016-0113

ORDER REGARDING APPROVAL OF TARIFF AND MOTION FOR EXPEDITED TREATMENT

)

)

Issue Date: November 18, 2015

Effective Date: December 1, 2015

On November 2, 2015, KCP&L Greater Missouri Operations Company ("GMO") submitted a letter and tariff designed to continue its renewable energy standard rate adjustment mechanism ("RESRAM") pursuant to Section 393.1030, RSMo Supp. 2013, and Commission Rule 4 CSR 240-20.100(6). The submitted tariff bears an effective date of December 2, 2015. GMO also submitted a Motion for Expedited Treatment of Tariff, requesting that the tariff be permitted to go into effect on December 1, 2015. No persons or entities applied to intervene or objected to the motion for expedited treatment.

The Commission's Staff filed its recommendation on November 16, 2015. Staff states that GMO's current RESRAM cost recovery is capped at an annual allowable RESRAM revenue requirement of \$7,582,117, which represents 1% of the electric retail customer revenues¹ determined in GMO's last rate case.² Based on Staff's review of information provided by GMO, the current RESRAM rate and the allowable annual revenue requirement of \$7,582,117 remain unchanged for the next calendar year beginning

¹ Commission Rule 4 CSR 240-20.100(6).

² In the Matter of KCP&L Greater Missouri Operations Company's Request for Authority to Implement a General Rate Increase for Electric Service, File No. ER-2012-0175.

December 1, 2015. Staff states that permitting GMO's updated tariff sheet to take effect on December 1, 2015 will result in no harm to customers because there is no change to the RESRAM rate. Staff recommends that the Commission approve GMO's tariff sheet effective on December 1, 2015. No parties have objected to Staff's recommendation.

The Commission has reviewed the proposed tariff sheet and Staff's recommendation. The Commission finds that the proposed tariff sheet conforms to Commission Rule 4 CSR 240-20.100(6). Because no party has objected to the motion for expedited treatment and no detriment to GMO's customers will result from making the tariff effective on December 1, 2015, the Commission will grant the motion. The Commission concludes that the proposed tariff sheet should be approved to become effective on December 1, 2015.

THE COMMISSION ORDERS THAT:

1. KCP&L Greater Missouri Operations Company's Motion for Expedited Treatment of Tariff is granted.

2. The proposed tariff sheet filed on November 2, 2015 by KCP&L Greater Missouri Operations Company, assigned tracking no. JE-2016-0113 and bearing an effective date of December 2, 2015, is approved to be effective on December 1, 2015. The tariff sheet approved is:
