MAY 11 2006

Missouri Public  
Service Commission

I talked to Chris about a couple of potential sites. I have a meeting Friday am with Jay Wilson and a call into to George Bremer. Someone else is checking on the two 20 acre parcels on the southwest corner of Harper and 227th Street.

Hopefully I will know more tomorrow.

Michael J. Fisher,  
City Administrator  
City of Peculiar

Subject: Site Follow-up

Follow-up on the Peculiar Site:

- \* My conversation with Steve Sparling was very clear that he would not sell the property.
- \* To stay on this aggressive schedule, an alternate property needs to be identified asap.
- a) Jay Wilson to the South
- b) Effren Brothers to the North
- c) To the East adjacent to 71 Hwy
- \* Would prefer to stay in the city or in a spot where the City can Annex in a timely manner.
- \* Bottom Line: We need to identify some property quickly that will not have impact to the surrounding area.
- \* Aquila is in the final stages of the Camp Branch decision making process.

I will visit with Mark today and give you a call later to discuss.
