ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: December 8, 2022

Effective Date: December 8, 2022

On November 10, 2022,¹ Evergy Missouri Metro (EMM) filed an application asking the Commission to approve a Special High Load Factor Market rate. The Commission issued notice and set a deadline for applications to intervene.

On November 22, the Midwest Energy Consumers' Group (MECG) timely filed an application to intervene. MECG stated that it is an incorporated entity that represents the interests of large commercial and industrial users of electricity. MECG stated its interests are different than those of the general public. MECG stated that it has not yet taken a position on EMM's application.

More than ten days have passed since the filing of MECG's application to intervene and no one has responded.² After considering the unopposed application to intervene, the Commission finds that MECG has interests which are different from that of the general public. Therefore, in accordance with Commission Rule 20 CSR 4240-2.075(3), the Commission will grant the application to intervene.

¹ All dates herein refer to 2022 unless otherwise stated.

² Commission Rule 20 CSR 4240-2.080(13).

THE COMMISSION ORDERS THAT:

1. The application to intervene of MEEG is granted.
2. This order shall be effective when issued.
