Case No. _____

**APPLICATION FOR THE WITHDRAWAL AND CANCELLATION OF
CERTIFICATES OF SERVICE AUTHORITY**

COMES NOW Osage Valley Technologies, L.L.C. (hereinafter “Applicant”), a Missouri Limited Liability Company, and hereby applies to withdraw and have cancelled its certificates of service authority issued by the Commission. In support of its request, Applicant states:

1. This Application in all material respects is substantially the same as the Applications of the following companies in the following proceedings:

Laclede Technologies, LLC	XD-2005-0439
Se-Ma-No Technologies, LLC	XD-2005-0440
Webster Technologies, LLC	XD-2005-0442
Crawford Technologies, LLC	XD-2005-0443
Howell-Oregon Technologies, LLC	XD-2005-0444
Gascosage Technologies, LLC	XD-2005-0475
White River Technologies, LLC	XD-2005-0476
Southwest Fiber Communications, LLC	XD-2005-0477

2. Those eight applications were consolidated into case number XD-2005-0440, and by Order of November 1, 2005 this Commission granted those applications and entered an order canceling their certificates and tariffs.

3. Applicant is in the same position as those eight applicants, and also desires that its certificates of service authority and tariffs be canceled for the same reasons for which the Commission canceled certificates and tariffs in XD-2005-0440.

4. Applicant's legal name is Osage Valley Technologies, L.L.C. Applicant is a limited liability company in good standing with the State of Missouri. Its Secretary of State Charter Number is LC0046176. A copy of Applicant's Certificate of Good Standing is attached hereto.

5. Correspondence and communication pertaining to this application should be addressed to:

Jon McClure
General Manager
Osage Valley Technologies, LLC
1321 N. Orange
P.O. Box 151
Butler, MO 64730-0151
(660) 679-3131
(660) 679-3142 FAX

and to

Craig S. Johnson, Atty.
1648-A East Elm St.
Jefferson City, MO 65101
(573) 632-1900
(573) 634-6018 (fax)

6. Applicant is a wholly owned subsidiary of a rural electric cooperative, and the nature of its business is facilitating the deployment of broadband communications in rural areas of Missouri.

7. Applicant has no annual report or assessment fees that are overdue.

8. Applicant has no pending actions or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates, which has occurred within three years of this Application.

9. After the FCC ended the electric utility use of certain portions of microwave spectrum, Missouri RECs determined to utilize fiber facilities as replacement technology, and to provide excess fiber capacity for the facilitation of deployment of broadband communications in rural areas of Missouri.

10. As part of this process, it was determined the communications along such fiber facilities could be interpreted to constitute the provision of telecommunications service to the public for which Commission certificates of service authority were required. In order to assure services provided were done in accordance with law, Applicant requested certificates of service authority and tariff approval from this Commission, which requests were granted by Order of May 24, 2001 in case number TA-2001-591.

11. As the business model for the deployment of broadband facilities in rural Missouri has evolved, Applicant has not provided telecommunications service to the public. Instead, Applicant leases its facilities to other certificated carrier such as K-Powernet, L.L.C., and Sho-Me Technologies, L.L.C.. Applicant has not in the past, and does not foresee in the future, that it will provide telecommunications services to end user

members of the public. Applicant has no current need for these certificates of service authority. If in the future this changes, Applicant will comply with certification requirements in place at that time.

12. Applicant no longer desires to be certificated by the Commission, no longer desires to have to file annual reports to the Commission when it provides no telecommunications service to the public. Additionally, Applicant no longer desires to file end user retail revenue reports with the Commission for Missouri Universal Service Fund assessment purposes when Applicant has no end user retail revenue to report.

13. For all of the above reasons, Applicant requests that its Certificates of Service Authority be withdrawn and or cancelled.

14. Applicant also respectfully requests that the Commission withdraw and cancel all of its tariffs for the provision of telecommunications service within the State of Missouri.

15. The withdrawal and cancellation of Applicant's certificates and tariffs will have no adverse impact on the public interest as Applicant provides no service to any member of the public pursuant thereto. Accordingly, no customer notifications are required, and none are being sent.

WHEREFORE, Applicant respectfully requests that the Missouri Public Service Commission grant the withdrawal and or cancellation of all of Applicant's Certificates of Service Authority, and also to cancel all of its tariffs on file with the Missouri Public Service Commission, together with such other and further relief as is necessary or convenient to affording the relief herein requested.

Respectfully submitted,

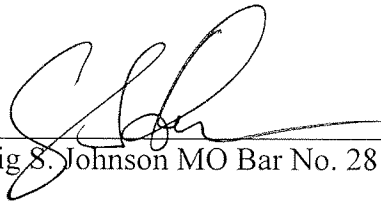

Craig S. Johnson, Atty.
