TARIFF FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the PSCM. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the PSCM follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

SECTION 2 - RULES AND REGULATIONS**2.1 Undertaking of the Company**

Gateway's services and facilities are furnished for communications originating at specified points within the state of Missouri under terms of this tariff. Gateway installs, operates, and maintains the communications services provided hereinunder in accordance with the terms and conditions set forth under this tariff. Gateway may act as the Customer's or Subscriber's agent for ordering access connection facilities provided by other carriers or entities (such as the local exchange company), when authorized by the Customer or Subscriber, to allow connection of a Customer's or Subscriber's location to the Gateway network.

Operator services maybe provided through the terminal equipment of Customers or Subscribers serving inmates of correctional institutions or the transient public through terminal equipment provided by the Company.

2.2 Limitations

2.2.1 Service is offered subject to the availability of the necessary facilities and equipment, or both facilities and equipment, and subject to the provisions of this tariff.

2.2.2 Gateway reserves the right to discontinue or limit service when necessitated by conditions beyond its control, or when the Customer or Subscriber is using service in violation of provisions of this tariff, or in violation of the law.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.7 Taxes, (Cont'd.)****A. Public Telephone Surcharge**

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company's service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (i.e., using the A#@ symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

2.7 Taxes, Con't

A. Public Telephone Surcharge

(N)

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company's service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any re-originated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Rate per Call \$0.30

2.9 Installation

Service is installed upon mutual agreement between the Customer and the Company or the Subscriber and the Company. The service agreement does not alter rates specified in this tariff.

2.10 Billing and Payment For Service

A. Payment for Service

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an end user of the Customer by T-NETIX. All charges due by the Customer are payable to the Company or to any agency duly authorized to receive such payments (such as a local exchange company).

(T)

B. Disputed Charges

Charges billed directly by the Company are due upon receipt. Amounts not paid within 21 days of the invoice will be considered past due. For charges billed directly by the Company, notice from the Customer of a dispute as to charges should be received orally or in writing by the Company as soon as possible.

(T)

The Company will promptly investigate and advise the Customer as to its findings concerning disputed charges. Adjustments to Customer's bills will be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

MO. PUBLIC SERVICE COMM

Service is installed upon mutual agreement between the Customer and the Company or the Subscriber and the Company. The service agreement does not alter rates specified in this tariff.

2.10 Billing and Payment For Service

A. Payment for Service

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an end user of the Customer by Gateway. All charges due by the Customer are payable to the Company or to any agency duly authorized to receive such payments (such as a local exchange company).

B. Disputed Charges

Charges for the Company's services are due upon receipt. Amounts not paid within 21 days of the invoice will be considered past due. Customers may contact Gateway with billing inquiries and disputes at the toll-free number printed on the Customer's bill. The Company will work to resolve disputes as expeditiously as possible.

For charges billed directly by the Company, notice from the Customer of unresolved disputes as to charges must be received in writing by the Company within thirty (30) days after the date of the invoice. Otherwise, all charges will be considered correct and binding.

For charges billed through the Customer's local exchange carrier, notice from the Customer of unresolved disputed charges must be received in writing by the Company within ninety (90) days after the date of the bill is issued. Otherwise, all charges will be considered correct and binding on the Customer.

B. Disputed Charges, con't.

The Company will promptly investigate and advise all billed parties as to its findings concerning disputed charges. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate. Customers may contact the Missouri Public Service Commission in the event of an unresolved dispute at 301 West High, Harry S. Truman State Office Building, Jefferson City, MO 65102

C. Validation of Credit

The Company reserves the right to validate the creditworthiness of Customers and billed parties through available verification procedures and to establish a maximum predetermined credit amount. Where a requested billing method cannot be validated or maximum credit amount established, the Company may refuse to provide service.

Services provided by the Company are available to inmates of confinement facilities in accordance with facility-authorized programs. The Company may request that the confinement facility adopt, as part of its program, terms that enable the Company to collect the charges for all inmate calls, including without limitation, the blocking of calls by the Company to certain telephone numbers when the amount charged to such a telephone number exceeds a predetermined amount or becomes past due.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)**2.10 Billing and Payment For Service, (Cont'd.)****D. Advance Payments**

The Company does not normally require advance payments for service. However, for Customers whom the Company determines an advance payment is necessary, T-NETIX reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and a new advance payment may be collected for the next month, if necessary.

(T)
(T)**E. Deposits**

The Company does not normally require deposits. However the company reserves the right to collect a deposit from customers whose credit history is unacceptable or unknown to the Company. Deposits, if collected, will be collected and maintained in accordance with Commission rules. Interest will be applied to deposits held by the Company in accordance with Commission rules.

(T)
(T)

For services provided to inmates of confinement facilities, the Company may require a deposit from billed parties for charges which exceed a maximum credit amount predetermined by the Company based on the Customer's credit worthiness. The Customer may exceed this predetermined credit amount by first paying a deposit to the Company in an amount equal to the amount of additional credit authorization requested by the Customer.

F. Return Check Charge

A return check charge of \$25.00 will be assessed for checks returned for insufficient funds. Any applicable return check charges will be assessed according to the terms and conditions of the Company or its billing agent and pursuant to Missouri law.

SECTION 2 - RULES AND REGULATIONS, CON'T.**2.12 Refusal or Discontinuance by Company**

Gateway may refuse or discontinue service under the following conditions provided that, unless otherwise stated, the Customer shall be given fifteen (15) days notice to comply with any rule or remedy any deficiency:

- (a) For non-compliance with or violation of any State, municipal, or Federal law, ordinance or regulation pertaining to telephone service.
- (b) For use of telephone service for any other property or purpose than that described in the application.
- (c) For neglect or refusal to provide reasonable access to Gateway or its agents for the purpose of inspection and maintenance of equipment owned by Gateway or its agents.
- (d) For noncompliance with or violation of Commission regulation or Gateway's rules and regulations on file with the Commission, provided five (5) days' written notice is given before termination.
- (e) For nonpayment of delinquent bills (see Section 2.10), provided that suspension or termination of service shall not be made without five (5) days written Carrier or billing agent notice to the Customer, except in extreme cases. At least twenty-four (24) hours prior to discontinuance, the Company will make reasonable efforts to speak with the Customer in order to advise the Customer of the proposed discontinuance and to advise the Customers of steps necessary to avoid discontinuance.
- (f) Without notice in the event of Customer or Authorized User use of equipment in such a manner as to adversely affect Gateway's equipment or service to others.
- (g) Without notice in the event of tampering with the equipment or services owned by Gateway or its agents.

SECTION 3 - DESCRIPTION OF SERVICE**3.1 General**

Gateway offers operator assisted collect calling services to Customers for the placing of intrastate calls within the State of Missouri. Interstate service is offered in conjunction with intrastate service.

3.2 Timing of Calls

- 3.2.1** Billing for calls placed using Gateway's service is based in part on the duration of the call. Timing of each call begins when the called party accepts the responsibility for payment and ends when the called party hangs up. Calls are billed in full minute increments unless otherwise specified.
- 3.2.2** Unless otherwise specified in this tariff, the minimum call duration for billing purposes is one minute.
- 3.2.3** The Company will not bill for unanswered calls. When an End User indicates that he/she was billed for an incomplete call, Gateway will reasonably issue credit for the call.

SECTION 3 - DESCRIPTION OF SERVICE, CON'T.**3.3 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined by BellCore (Bell Communications Research), in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the serving wire center of the Subscriber's switch and the destination point.

Step 2 - Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{(V_1V_2)^2 + (H_1H_1)^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)**3.4 Institutional Operator Assisted Service**

Institutional operator assisted service allows Inmates to place Collect Calls through an automated call processing system. The call processing system prompts the Inmate and the called party such that the call is completed without live operator assistance. Calls are placed on a collect-only basis to the called party. The called party must accept the charges for the call, or the connection will be dropped. If a call is not accepted within five (5) seconds of the automated voice recording prompt, the automated recording is replayed a second time. If an acceptance digit is not received five (5) seconds after the second recording is completed, the call is terminated by T-NETIX's system.

A number of special blocking and screening capabilities are available with institutional operator services provided by T-Netix. These capabilities allow Institutions to control Inmate access to telecommunications services, reduce fraudulent use of the Company's services, and eliminate harassing calls to persons outside the Institution. For services provided to Inmates of Institutions, the following special conditions apply:

- a. Calls to "900", "976" or other pay-per-call services are blocked by T-Netix.
- b. At the request of the Institution, T-Netix may block inmate access to toll-free numbers (e.g., 800, 888) and dialing sequences used to access other carriers or operator service providers (e.g., 950-XXXX, 10XXXX).
- c. At the request of the Institution, T-Netix may block Inmate access to "911", "411", or local operators reached through "0-" dialing.
- d. At the request of the Institution, T-Netix may block Inmate access to specific telephone numbers.
- e. Availability of T-Netix's services may be restricted by the Institution to certain hours and/or days of the week.
- f. At the request of the Institution, no notices or signage concerning the Company's services will be posted with its instruments. Information concerning T-Netix's services is provided to the administration of each Institution where the Company's services are offered. Inmates may obtain information regarding rates and charges by requesting such information from the Institution's administration.
- g. At the request of the Institution, T-Netix may impose time limits on local and long distance calls placed using its services.
- h. At the request of the Institution, equipment may be provided which permits monitoring of inmate calls by legally authorized government officials.

SECTION 3 - DESCRIPTION OF SERVICE, CON'T.

REC'D AUG 22 2001

3.4 T-NETIX Operator Assisted Service

Service Commission

Operator services may be provided on calls requiring special billing arrangements or other operator call completion assistance. Charges for calls placed through the carrier vary based on duration, distance, time of day, day of week, and class of service.

Service offered to prisons or correctional institutions for use by inmates is limited to collect calling only.

3.4.1 Operator Service Charges

In addition to usage charges, the following service charges are billed on a per call basis where appropriate:

(A) Station to Station - Collect

This charge applies in addition to the normal long distance usage charges for non-Person to Person calls billed Collect to the called station.

(B) Person to Person - Collect

This charge applies in addition to the normal long distance usage charges for calls placed to a particular party at the destination number and billed Collect to the called station. Charges do not apply unless the specified party or an acceptable substitute is available.

(C) The called party also has the option to prepay in advance for calls.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)**3.5 Prepaid Institutional Calling Services**

(T)

General

Prepaid Institutional Calling Services provide alternative methods for inmates in Confinement Institutions and their families to communicate with each other. This service is designed for those who prefer to prepay for calls rather than being billed for collect calls monthly on their local telephone bills, for those who would like to pay for another family member's calls, for those whose credit history is inadequate to receive collect calls, and for those who wish to budget their inmate calls.

(T)

Calls are made by dialing either a toll-free access number or other access dialing sequence. Depending on the facility, a Personal Account Code may also need to be entered.

(D)

(D)

(T)

Three options are available with Prepaid Institutional Calling Services. The first option, the Commissary Account, allows the inmate (via the Institution personnel) to set up his/her own prepaid account at the Confinement Institution utilizing the inmate's commissary account; the second option, the Customer Account, allows the called party, usually a family member, who receives collect calls from inmates to set up his/her own prepaid account; the third option, Prepaid Card Service, allows the inmate to purchase a prepaid card for use in making calls.

(T)

|

|

|

|

(T)

Option A: Commissary Account

With a Commissary Account, upon notification by the Confinement Institution that an inmate wishes to utilize the Company's Prepaid Institutional Commissary Account Service, a prepaid account is set up by the Company with the Institution's commissary; the Company assigns an authorization code to the inmate, and provides instructions for accessing and using the service. All deposits to the account are paid to and handled by the Institution. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate.

(T)

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Account is refundable upon request after release of the inmate from the Confinement Institution. The Available Usage Balance expires twelve months from the date the last call is made on the Prepaid account. No refunds of unused balances will be issued after the expiration date.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)

REC'D SEP 11 2002

3.5 T-NET Family Connections (Prepaid Institutional Account Service)

Service Commission (N)

3.5.1 General

T-NET Family Connections Prepaid Institutional Account Service provides alternative methods for inmates in Confinement Institutions and their families to communicate with each other. This service is designed for those who prefer to prepay for calls rather than being billed for collect calls monthly on their local telephone bills, for those who would like to pay for another family member's calls, for those whose credit history is inadequate to receive collect calls, and for those who wish to budget their inmate calls.

Under the T-NET Family Connections program, Prepaid Institutional Account Service calls are originated by inmates in confinement institutions. Calls are made by dialing a toll-free access number or other access dialing sequence. Depending on the facility, a Personal Account Code may also need to be entered.

Two account options are available with T-NET Family Connections Prepaid Institutional Account Service. The first option, the Commissary Account, allows the inmate (via the Institution personnel) to set up his/her own prepaid account at the Confinement Institution; the second option, the Customer Account, allows the called party, usually a family member, who receives collect calls from inmates to set up his/her own prepaid account.

Option A: Commissary Account

With a Commissary Account, upon notification by the Confinement Institution that an inmate wishes to utilize the Company's Family Connections Prepaid Institutional Account Service, a prepaid account is set up by the Company with the Institution's commissary; the Company assigns an authorization code to the inmate, and provides instructions for accessing and using the service. All deposits to the account are paid to and handled by the Institution. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)**3.5 Prepaid Institutional Calling Services, (Con't.)****(T)****General, (Con't.)****Option B: Customer Account**

With a Customer account, the Company is notified by parties (Customers) who receive collect calls from inmates in Confinement Institutions, generally family members, that they wish to utilize the Company's Prepaid Institutional Customer Account Service. A prepaid account is then set up by the Company for the Customer. The inmate will receive an authorization code, and instructions for accessing and using the service. If the payment into the account is provided via the Customer's credit card, credit verification procedures are carried out under the terms specified in Section 2 of this tariff. Deposits to the account are paid to and handled by the Company via arrangement with a specified financial institution. The Company not engage in direct monetary transactions with the inmate.

(T)

The Company's system automatically informs the account holder of the Available Usage Balance remaining in the Prepaid Account prior to acceptance of the call. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses. The account holder will also receive a reminder message when the account balance has one minute of usage remaining. All calls must be charged against an Account that has sufficient available balance. Calls in progress will be terminated by the Company if the balance on the Account is insufficient to continue the call.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Account is refundable upon request after release of the inmate from the Confinement Institution. The Available Usage Balance expires twelve months from the date the last call is made on the Prepaid account. No refunds of unused balances will be issued after the expiration date.

SECTION 3 - DESCRIPTION OF SERVICE, (CONT'D.)**3.5 Prepaid Institutional Calling Services, (Cont'd.)****3.5.1 General, (Cont'd.)****Option C: Prepaid Card Service**

With Prepaid Card Service, the Institution purchases the cards directly from the Company. Inmates then purchase the cards from authorized personnel at the Institution. All monetary transactions are handled by the Institution. The Company does not engage in direct monetary transactions with the inmate.

The inmate may purchase a card in any denomination between \$5.00 and \$100.00. The Company assigns an authorization code to the inmate, and provides instructions for accessing and using the service.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses. Applicable state taxes and fees are in addition to the rates and charges for calling service.

Prepaid cards expire six months from the date of first use of the card. Prepaid cards are non-renewable. Unused balances may be used by the purchaser following release from the Confinement Institution. Unused balances are refundable; a processing fee of \$10.00 will apply to refunds of unused prepaid card balances. (C)
(C)

Prepaid Institutional Calling Services are available 24 hours a day, seven days per week. Access to telephone service by an inmate may be subject to time of day and usage restrictions imposed by individual Confinement Institutions. No minimum service period applies.

Holiday discounts do not apply to Prepaid Institutional Calling Services. Network usage for Prepaid Institutional Calls is deducted from the Available Usage Balance in full minute increments. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest penny on a per call basis. Prepaid accounts (Options A and B) may be replenished; the minimum initial deposit or replenishment amount is \$25.00. Prepaid cards (Option C) are non-renewable.
