[illegible]

* Line quantities can be provided for a date other than December 31, 2023 if the date is within the month of December

Clarifications about reporting line quantities:

1. Report line quantities for basic local telecommunications service and/or IVolP service as those terms are defined in Section 386.020(4) and (23), RSMo.
2. Lines include analog and digital. For DS-1 or higher band-width facilities a voice grade equivalency must be used. For channelized service report the number of channels subscribed to by the customer. For non-channelized facilities, filers are instructed to use a good-faith estimate of the number of voice grade equivalent lines used for voice service.
3. Exchange refers to areas as listed in ILEC tariffs.
4. IVolP line quantities must be filed on a confidential basis per Section 392.550(7)(c) RSMo. See instructions for how to file on a confidential basis.
