1.1.3 Multiparty Service

At locations where facilities permit, multiparty service is not offered to customers requesting new telephone service or to customers requesting a change in their existing telephone service.

Those locations in which facilities permit the exclusive provision of one-party service for all customers within the area will be designated on the appropriate Exchange Area Map, Zone Area Map and/or Base Rate Area Map of the Local Exchange Tariff approved by the Missouri Public Service Commission. Existing multiparty customers will be allowed to continue their service until such time as they are upgraded by the Telephone Company as shown on the approved maps. At the time the customer's multiparty service is upgraded to one-party service, the application of the normal Service and Equipment Charge will not apply.

The multiparty conversion will consist of the following:

1. The Telephone Company will remove the party-line instrument adapter, or, if modifiable, rewire the instrument. The customer will not be charged for a premises visit or for rewiring the instrument when required.
2. One-party rates will be effective for each customer on the date the customer's service is upgraded to one-party service. Where service is furnished to customers located outside the base rate area, a mileage charge also applies as specified in Section 12 of the General Exchange Tariff.

1.1.1 This Tariff applies to telephone service furnished or made available by the Southwestern Bell Telephone Company in the State of Missouri and is governed by the General Exchange Tariff, P.S.C. Mo.-No. 35, which is hereby made a part of this Tariff. The charges quoted are for periods of one month and are payable monthly in advance.

(CP) 1.1.2 Where Extended Area Service is provided which involves an exchange or zone of Southwestern Bell Telephone Company and another telephone company, extended area service rate additives apply to all customers served from the Southwestern Bell Telephone Company Exchange or zone.

1.1.3 Credits for Tax Reform Act of 1986. (1)

Southwestern Bell Telephone Company shall apply credits in the form of an across-the-board percentage credit to all classes of residential local service access lines. This credit will be applied each quarter for one year beginning July 1, 1987, said credits to continue for four (4) consecutive quarters and to be charged against the revenues of that quarter with the last credit paid in the quarter ending June 30, 1988.

The amount of the credit by rate group and class of service is reflected on Sheets 3.03 and 3.04.

1.1.2 Any Promotion

Southwestern Bell Telephone Company may offer promotions for thirty days or longer in Southwestern Bell Telephone Company's exchanges subject to the availability of facilities. Promotions shall be offered to all similarly situated residence and business customers who subscribe to additional lines and shall entitle the customer to a total or partial waiver of the Service and Equipment Charges, and/or a total or partial waiver of the monthly rate, or a credit up to and including \$25.00 or a combination thereof. In some cases, the customer may be required to retain the service for a specific period in order to qualify for the promotion. Southwestern Bell Telephone Company will provide written notice to the Commission 10 days prior to the beginning of each promotion period identifying the exchanges, LATAs, or Numbering Plan Areas (NPA) in which the promotions will be offered, the beginning and ending date of the promotion, and the specific type of waiver or credit. The written notice will be filed in an appendix in P.S.C. Mo.-No. 24, Local Exchange Tariff of Southwestern Bell Telephone Company. Southwestern Bell Telephone Company will not offer a promotion where the projected revenues are not expected to cover long run incremental costs.

1.1.3 Southwestern Bell Telephone Company will offer a waiver that applies to Military Reservists, National Guard and Full Time Military personnel who disconnect their service or request reconnection due to military deployment. Verification of military service is required for this waiver. The original waiver period was from January 2, 2002 through December 31, 2002. Due to continuing military operations, this waiver will be further extended until December 31, 2003. All residence nonrecurring charges include the Service and Equipment Charge that applies to installation of an access line found in 1.2.2.G of this tariff and any applicable non-recurring charges for optional features installed at the same time. This waiver is not available to personnel whose telephone service was disconnected for nonpayment, or disconnected prior to military service. In order to qualify for this waiver, military personnel must meet one or more of the following qualifications:

- A. Personnel who were relocated to other countries, states or cities because of Operation Enduring Freedom or Noble Eagle and have returned to SBC territory.
- B. Personnel who were moved from military bases in other telephone company areas because of Operation Enduring Freedom or Noble Eagle and have relocated to SBC territory.
- C. Only Personnel who were moved as a direct result of Operation Enduring Freedom or Noble Eagle are eligible for this waiver. Military personnel being relocated as a result of normal military operations are not eligible.

The Telephone Company will offer a promotion for the period beginning October 1, 2002 through December 31, 2002. With this promotion, business network access line customers that subscribe to a 12-month term commitment for Optional MCA service(s) can receive a 50% discount on the monthly recurring charge for Optional MCA service. To be eligible, business customers must not have: 1) had service disconnected for nonpayment; or 2) any past due bills for regulated service owed to the Company.

A termination charge will apply if the business customer disconnects any portion of their contracted service prior to the expiration of their term commitment. This charge will consist of 50% of the monthly rate for service disconnected times the number of months remaining on the contract.

The Telephone Company will offer a promotion for the period June 12, 2003 through December 22, 2003. With this promotion, business customers who establish business network access service and who agree to a 12-month term commitment for flat rate 1-party service, multi-line access service or basic exchange access trunks will receive a waiver of the applicable nonrecurring Service and Equipment charges. Eligible business customers must not have: 1) service disconnected for non-payment; or 2) any past due bills for regulated service owed to the Company. This promotion may not be combined with other business access line offers.

The Telephone Company will extend a promotion for the period beginning October 1, 2003 through January 1, 2004. With this promotion, business network access line customers that subscribe to a 12-month term commitment for at least one new or additional Optional MCA service can receive a \$20.00 discount on the monthly recurring charges for each Optional MCA service subscribed to on the same account. To be eligible for this promotion, the business customer must not currently have any past due bills for regulated service owed to the Company.

A termination charge will apply if the business customer disconnects their entire Optional MCA service(s) prior to the expiration of their term commitment. This charge will consist of the total value of the discounts received up to the point of disconnection. The termination liability will be billed on the customer's next bill, following early termination.

1.1.6 Promotions (cont'd)

This promotion offers optional term discounts for business customers and waives applicable nonrecurring Service and Equipment Charges associated with installation of the line. This promotion will be available from August 29, 2003 through July 14, 2004. This promotion is also known as The SBC MegaSaver Plan. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Applicable Service and Equipment Charges as contained in the Local Exchange Tariff, will be waived.

Customers subscribing to the promotion must commit to a service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SBC Missouri service under a service contract whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in the Local Exchange Tariff, in effect at the time the service agreement expires unless a new service agreement is negotiated.

When a customer subscribing to this promotion moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable Local Exchange Access Monthly Rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Local Exchange Access Lines that equal or exceed the number of lines that were connected at the old service location.

If termination charges or service agreement renegotiations are applicable, the following, apply:

Payment of the termination charge does not release the customer from other previous amounts owed to SBC Missouri.

The termination charge shall be fifty percent (50%) of the monthly commitment multiplied by the number of months remaining in the customer's term period for each Business Access Line or Trunk Service contained in the service agreement plus all waived and/or unpaid nonrecurring charges.

This offer may not be used in conjunction with any other Business Access Line special pricing or promotions.

Monthly rate discounts for eligible services, are:

12-month term 9%
24-month term 12%
36-month term 18%

A promotional offer will be available to all eligible business customers from April 1, 2004 through August 19, 2004. Eligible customers will receive a discount per line or per trunk off the recurring monthly service rate. The discount varies depending on the term period selected:

<u>Term Commitment</u>	<u>Discount</u>
Two year term agreement	12%
Three year term agreement	13%
Five year term agreement	13.5%

The customer will not receive the discount if, at the time of billing, the number of lines and/or trunks in-service is less than fifty.

This promotional offer may also be known as the "Nifty Fifty Plan".

Eligibility

Customers with no less than fifty business access lines and/or trunks and who enter into a two, three, or five-year term agreement are eligible. Customers subscribing to Plexar-II, Plexar Custom and Plexar Express are also eligible. Each Plexar line simulated facility group will count as an access line for the purposes of meeting the 50 access line requirement and all other terms and conditions for the applicable Plexar service apply.

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Upon expiration of the agreement, the services will automatically be billed at the monthly rate for month-to-month local access lines, trunks or Plexar lines which is then in-effect as set forth in the Local Exchange Tariff or General Exchange Tariff.

In the event customer adds lines or trunks, standard charges for the additions apply, including, but not limited to applicable service connection charges.

No Local access line or trunk covered under this offer may be discounted under another Company discount plan or promotion.

Customers must complete and return a properly executed agreement no later than 90 days after the promotional period ends.

Termination Charges

Termination charges apply if the customer terminates the agreement prior to the expiration of the term. The termination charge will be 50% of the monthly recurring charge for the 50 lines times the remaining months of the term.

Termination charges do not apply when during the term of the agreement 1) the customer upgrades to another Company local access line discount plan under a term plan with a term which is equal to or greater than the original term under this agreement, and 2) the number of lines in the new service agreement is equal to or greater than the number of lines under the then-in-effect Nifty Fifty Promotional Agreement.

Payment of termination charges pursuant to this tariff does not release the customer from other previous amounts owed to the Company, including but not limited to termination liability or disconnect charges which may apply to products or services subscribed to by the customer.

This promotion offers optional term discounts for all business customers. In addition, standard nonrecurring Service and Equipment Charges associated with installation of the line will be waived for customers coming from other carriers and for existing customers that subscribe to the promotion that are adding lines. This promotion will be available from July 15, 2004 through November 1, 2004. This promotion is also known as The SBC MegaSaver Plan. Customers are only eligible for the waivers at the time MegaSaver is ordered. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

Customers subscribing to the promotion must commit to a 12-, 24-, or 36-, month service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SBC Missouri service under a service contract whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in the Local Exchange Tariff, in effect at the time the service agreement expires unless a new service agreement is negotiated.

When a customer subscribing to this promotion moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable Local Exchange Access Monthly Rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Local Exchange Access Lines that equal or exceed the number of lines that were connected at the old service location.

If termination charges or service agreement renegotiations are applicable, the following, apply:

Payment of the termination charge does not release the customer from other previous amounts owed to SBC Missouri.

Termination charges are equal 50% of the remaining monthly charges in the term for each business access line or trunk service contained in the service agreement.

Description

A promotional offer will be available to all eligible business customers from August 20, 2004 through August 4, 2005. Eligible customers will receive a discount per line or per analog trunk off the recurring monthly service rate. The discount varies depending on the term period selected:

<u>Term Commitment</u>	<u>Discount</u>
24-month term agreement	12%
36-month term agreement	13%
48-month term agreement	13.25%
60-month term agreement	13.50%

The customer will not receive the discount if, at the time of billing, the number of lines and/or analog trunks in-service is less than fifty.

This promotional offer may also be known as the "Nifty Fifty Plan".

Eligibility

Customers with no less than fifty business access lines and/or analog trunks and who enter into a 24, 36, 48 or 60-month term agreement are eligible. Customers subscribing to Plexar-II, Plexar Custom and Plexar Express are also eligible. Each Plexar line simulated facility group will count as an access line for the purposes of meeting the 50 access line requirement and all other terms and conditions for the applicable Plexar service apply.

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or analog trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Upon expiration of the agreement, the services will automatically be billed at the monthly rate for month-to-month local access lines, analog trunks or Plexar lines which is then in-effect as set forth in the Local Exchange Tariff or General Exchange Tariff.

In the event customer adds lines or analog trunks, standard charges for the additions apply, including, but not limited to applicable Service and Equipment charges.

No Local access line or analog trunk covered under this offer may be discounted under another Company discount plan or promotion.

Customers must complete and return a properly executed agreement no later than 90 days after the promotional period ends.

Termination Charges

If the customer terminates the Nifty Fifty agreement prior to the expiration of the 24, 36, 48, or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owned to the Company. The termination charge shall be:

- All unpaid special Construction charge or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the 50 lines times the remaining months of the customer's term.

This promotion is known as the Term and Volume Discount (TVD) Plan promotion. At the time a customer subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for existing customers that add lines and for customers coming to SBC Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24-, and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

Eligibility

Eligible customers are those with no less than the minimum number of business access lines within the state of Missouri, as shown above. Customers must agree to a 3-year term commitment. Customers must commit to a minimum of 2 or 4 and a maximum of 20 (Option B) or 40 (Option A) access lines per each of their locations within the state to receive the rates shown above. Customers must also agree to a 3-year term commitment.

Customers must subscribe to Multiline Business Local Exchange service to be eligible for the Big Easy rates shown above.

The customer must agree to have locations in multiple SBC Missouri rates groups to be eligible for Big Easy.

Terms and Conditions

Big Easy cannot be combined with any other plan or package that includes discounted monthly exchange access line service.

Additional business access lines and locations may be added by the customer during the term agreement. New lines and locations will be counted toward the state-wide line size requirements.

If during any given month of the customer's term commitment, the total number of lines the customer has with the Company in the state falls below the state-wide line minimum, a shortfall charge will be billed to the customer. This shortfall charge will be \$20.00 times the number of lines below the state-wide line minimum for each month below the state-wide minimum.

“Big Easy” Promotion (cont'd)

Terms and Conditions (cont'd)

On average, a minimum of 2 lines per location within the state must be maintained by the customer. If the customer commits to a 4 line minimum per location and the customer's average line size per location for all locations in the state falls below 4 lines, the customer will be converted to the 2 line minimum rates. If any customer falls below an average of 2 lines per location for all locations in the state, the term commitment will be voided and the customer will revert to standard tariff rates for the services included in this offer. If any customer location is found to exceed the maximum line size per location of 40 (Option A rated locations) or 20 (Option B rated locations), that location will be migrated off of “Big Easy” and revert to standard tariff rates. The assessment of location line size will be performed annually by the Company for each customer.

Service charges will not apply to initially convert existing customer locations and multiline business local exchange access lines served by the Company to the “Big Easy” rates. Any new locations or additional lines added after the date of initial subscription, will be billed the standard tariffed service and installation charge rates or the best current tariffed promotional nonrecurring rates.

Business customers who currently have any or all of their local access lines with another local exchange carrier within the Company service area and who now wish to establish service with the Company under the terms of the “Big Easy” promotion, will have all applicable service and installation charges waived for those lines, as well as any related to additional lines added within 30 days of the date of initial subscription.

Upon expiration of the term agreement, if the customer does not select a new term agreement with the Company, the rates for each component of the “Big Easy” promotion will revert to the applicable individually tariff rates shown in the Local Exchange Tariff herein.

Customers who terminate their entire service prior to the 3-year term commitment will be assessed termination charges equal to 50% of the monthly recurring charges, times the number of months remaining on the term, times the minimum state-wide line commitment.

Termination charges do not apply if during the term agreement: 1) the customer upgrades to another Company local access line discount plan with a term equal to or greater than the original term under this agreement, and 2) the number of lines committed to under the new service agreement are equal to or greater than the number of lines committed to under this term agreement. Customers may move or disconnect entire locations within the state, as long as the minimum number of lines originally committed to is maintained.

Payment of termination charges pursuant to this Tariff does not release the customer from any other amounts owed to the Company, including but not limited to termination liability or disconnect charges which may apply to other products or services subscribed to by the customer.

Eligible customers are those business customers who have received a competitive offer and are considering switching all their network exchange access service to a competitive local service provider (proof of competitive offer may be required). Eligible customers who commit between 25 and 49 eligible access lines in SBC-Missouri service area will receive a bonus credit of \$40.00 per line per year of the term plan. Eligible customers who commit a minimum of 50 eligible access lines in SBC-Missouri service area will receive a bonus credit of \$50.00 per line per year of the term plan, up to a maximum credit of \$20,000 per year. Commitment level is determined by the number of lines in service when the customer calls to discuss disconnection of service.

The bonus credit will be applied on a monthly basis in equal amounts for each 12-month term period. The customer must agree to associate all their lines with one of the eligible term plans to receive the credits. If, at any time during the benefit period, lines are disconnected, the credits will be discontinued for those lines disconnected. Customers receiving \$40.00 credit will need to maintain at minimum 25 access lines. Customers receiving \$50.00 credit will need to maintain at minimum 50 access lines. If, at any time during the benefit period, the customer fails to maintain their minimum line levels, the credits will be discontinued on all lines. Eligible customers will receive the credit only for lines they were considering disconnecting. This offer can be applied only once per customer during this promotional period. All other terms and conditions applicable to either CompleteLink or Business Access Line Term Volume Discount Plan, where applicable, will apply. A promotional period shall be established from November 1, 2005, through April 30, 2006. During this promotional period, eligible business customers will receive a discount on monthly recurring rates if they commit to a minimum line volume and term period. This promotion is the next generation Term and Volume Discount (TVD) Plan promotion. At the time a customer initially subscribes to TVD, applicable nonrecurring charges (NRCs) will be waived for customers coming to SBC Missouri from other carriers. Standard NRCs will apply to lines added subsequent to the initial order.

The TVD Plan provides optional term and volume discounts for business customers. Eligible services under TVD are Business Access Lines, Flat PBX Trunks and Plexar Lines and any services that rate reference these Lines/Trunks. TVD provides for 12-, 24- and 36- month term discounts for Missouri customers.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

To qualify, the customer subscribing to the TVD Plan must commit to a service agreement as prescribed by SBC Missouri establishing the term period, minimum access line volume commitment and discount percentage to be applied to the monthly recurring rates in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base rates for lines/trunks change, the price per month will change accordingly.

TVD Monthly Recurring Charge Discount Schedule:

Access Line Volume Commitment	12-month Term	24-month Term	36-month Term
Minimum 1 line	5%	7%	9%
Minimum 5 lines	5.5%	7.5%	9.5%
Minimum 11 lines	6%	8%	10%

If the customer terminates the TVD agreement prior to the expiration of the 12-, 24- or 36-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer for amounts previously owed to the Company. The termination charge shall be:

- All unpaid special Construction charges or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the remaining months of the customer's term.

During the promotional period, TVD customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new TVD service agreement with a term that is equal or greater than the term period remaining on the existing service agreement and commit to an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business recurring rates in effect at the time the new service agreement is established.

Termination charges will also not apply if a customer converts to another SBC service whose term period is equal to or greater than the term period remaining on the existing TVD service agreement and retains local exchange access lines that equal or exceed the minimum commitment number of lines under the existing agreement. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

When a TVD customer moves service from one service location to another, the access line volume commitment, duration and discount associated with the service agreement is not affected. If the applicable local exchange access monthly rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the new service location. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains local exchange access lines that equal or exceed the number of lines that were under TVD service agreement at the old service location.

The TVD Plan requires the customer to commit to a minimum volume of access lines. The total number of access lines within the state will apply toward the volume commitment. At any month during the term, if the total number of lines in the state is less than the minimum, an adjustment charge will appear on the customer's designated Master Billing Telephone Number for the state. A \$20.00 per-line charge will be billed for the number of lines under the minimum line commitment.

This promotion may not be combined with Custom BizSaver, SimpleLink, SimpleLink Enhanced or CompleteLink offers.

Upon expiration of a 12-, 24- or 36-month service agreement, the service will automatically be billed at the monthly rates set forth in Local Exchange Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

- A. Term Pricing Plan provides optional term discounts for business customers. Eligible services under Term Pricing Plan are Flat Rate 1-Party, Multiline and Flat Rate Trunk business local exchange service (as listed in Section 1.2.2 A. of this Tariff). Business flat rate access line and trunk services that rate reference the eligible services listed above are also eligible for the Term Pricing Plan (hereinafter referred to as “eligible services”). Term Pricing Plan may not be combined with any other access line discounts. Term Pricing Plan is offered in Rate Groups B, C-Principal, C-Metropolitan Calling Area-1, D-Principal, D-Metropolitan Calling Area-1 and D-Metropolitan Calling Area-2. Term Pricing Plan provides for 12, 24, 36, 48 or 60-month discounts.
- B. All rules, regulations, fees and surcharges normally applicable to eligible services apply.
- C. To qualify, the customer subscribing to the Term Pricing Plan must commit to a service agreement in a form designated by the telephone company establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement.
- D. Effective May 17, 2004 the rate provisions in Paragraph D will only apply to customers with existing Term Plan Pricing agreements. (Customers subscribing to or renewing Term Pricing Plan agreements on or after May 17, 2004 will be subject to the rate provision in Paragraph D.1.) If monthly business access line rates set forth in Section 1.2.2 A of this Tariff decrease during the term period, the Company will adjust the customer’s term rates to reflect the decreased rates. If monthly business access line rates set forth in Section 1.2.2 A of this Tariff increase as a result of a Company-initiated rate increase, rates of Term Pricing Plan customers will not increase. However, when a Local Exchange Rate Group reclassification occurs, an adjustment for the remaining term of the service agreement will be made. The Company will notify the affected Term Pricing Plan customers of any of the above changes in the Company’s rates or a change in the customer’s exchange Rate Group level.

(AT) (1) The Term Pricing Plan is obsolete for business customers, except for existing business customers at existing locations for the remainder of their term who subscribed to the plan prior to November 15, 2004.

E. Term Pricing Plan customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges provided they negotiate a new service agreement with a term that is greater than the existing term and contains an equal or greater number of business access lines than their existing service agreement. The new service agreement will be based upon the monthly business access line rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another Company service under a service contract whose term period is equal to or greater than the period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

F. Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in Section 1.2.2 A. of this Tariff, in effect at the time the service agreement expires, unless a new service agreement is negotiated.

1. Lifeline Service is a unique class of telephone service provided to an applicant which is designed to meet basic residential communications needs for emergency calls and for the maintenance of necessary social contacts.
2. Lifeline service includes: single party service; voice grade access to the public switched telephone network; DTMF or its functional equivalent; access to emergency services; access to operator services; access to interexchange service; and access to directory assistance. Toll limitation services may also be provided as a part of Lifeline Service. Pursuant to paragraph 383 of the FCC's Final Report and Order in Case No. CC 96-45, Toll limitation services include both toll blocking, which prevents the placement of all long distance calls for which the subscriber will be charged, and toll control which limits the toll charges a subscriber can incur during a billing period to a preset amount.¹ The purpose of this offering is to maintain and preserve universal service.
3. Lifeline Service applicants are those certified by the department of social services as economically disadvantaged by participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), federal public housing assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP), or income qualified as found in Missouri State Statute 660.105. The department of social services shall inform such persons how to apply with Southwestern Bell Telephone Company for Lifeline Service. Pursuant to the FCC's Final Report and Order in Case No. CC 96-45. The customer requesting LifeLine Service must provide to the Company a signed document, certifying under penalty of perjury, that he or she is receiving benefits from one of the programs specified, identifying the program or programs from which he or she is receiving benefits, and agreeing to notify the Company when they no longer participate in the program or programs.
4. Lifeline Service benefits are applicable only to the primary line at the customer's principal residence. An applicant for Lifeline Service may report only one address in the state as the principal place of residence.

- (8) This charge is applicable when a mechanized change order process is utilized to convert an end-user customer's existing residence or business single line or multiline service from another Competitive Local Exchange Carrier (CLEC) reselling Southwestern Bell provided service to Southwestern Bell service at the same service location. This charge is applied per billable telephone number. Additional features may be added at the existing tariffed rates. This \$5.00 charge is an Interim Rate pending appeal of the Commission's decision in Case No. TO-97-40. To the extent that the rate established in TO-97-40 is eliminated or modified by subsequent judicial or regulatory action, then this tariff provision shall be eliminated or modified to the same extent subject to Southwestern Bell filing a conforming tariff.

(FC) 1.2.3 Party Line Service Customer Premises Equipment Compatibility

A. Description

In order to insure billing accuracy, proper signal/ringing and proper functioning of Customer Premises Equipment (CPE) in connection with party line service, all CPE connected to party line service must be wired in a manner compatible with the customer's party line placement, or a party line instrument adapter must be connected to the exchange access line. For new party line service or for moves and changes of existing party line customers, before service can be established, service compatibility must be provided by installing a party line instrument adapter or by rewiring the instrument. For the purpose of this description, new service means a new connection of service or the outside move of existing service.

MO. PUBLIC SERVICE COMM.

B. Regulations

1. There are two options for providing party line service compatibility.
 - a. A party line instrument adapter may be installed. This device is an electronic unit which will isolate the ringing circuit of a party line station for all ringing signals, except the proper one assigned that station and provide Telephone company network and billing function compatibility with CPE. This option is required in all applications, except for that covered in Paragraph 1.2.3, B.1.b., following.
 - b. A party line customer who has a modifiable instrument has the option of having that instrument rewired to be compatible with their party line service. For the purposes of this Tariff, a modifiable instrument is only a Western Electric-manufactured, Bell-provided instrument that can be properly connected to party line service.
2. In those instances where the Telephone Company makes a repair visit to the customer's premises and the service difficulty or trouble results from the customer connecting an instrument or instruments to their party line local exchange access line and have not had the instrument rewired, if applicable, or have not had an instrument adapter installed, and billing errors, improper ringing and/or network trouble results, the customer is subject to Maintenance of Service Charges in addition to the applicable charges for installing a party line instrument adapter.
3. The Telephone Company assumes no responsibility for customer instruments, which are modified under the conditions of this Tariff by Company technicians at the customer's request, that subsequently malfunction.

1.2.14 Party Line Service Customer Premises Equipment Compatibility

A. Description

In order to insure billing accuracy, proper signal/ringing and proper functioning of Customer Premises Equipment (CPE) in connection with party line service, all CPE connected to party line service must be wired in a manner compatible with the customer's party line placement, or a party line instrument adapter must be connected to the exchange access line. For new party line service or for moves and changes of existing party line customers, before service can be established, service compatibility must be provided by installing a party line instrument adapter or rewiring the instrument. For the purpose of this description, new service means a new connection of service or the outside move of existing service.

B. Regulations

1. There are two options for providing party line service compatibility:

a. A party line instrument adapter may be installed. This device is an electronic unit which will isolate the ringing circuit of a party line station for all ringing signals, except the proper one assigned that station and provide Telephone Company network and billing function compatibility with CPE. This option is required in all applications, except for that covered in Paragraph 1.2.14, B.1.b., following.

(CP)

b. A party line customer who has a modifiable instrument has the option of having that instrument rewired to be compatible with their party line service. For the purposes of this Tariff, a modifiable instrument is only a Western Electric-manufactured, Bell-provided instrument that can be properly connected to party line service.

2. In those instances where the Telephone Company makes a repair visit to the customer's premises and the service difficulty or trouble results from the customer connecting an instrument or instruments to their party line local exchange access line and have not had the instrument rewired, if applicable, or have not had an instrument adapter installed, and billing errors, improper ringing and/or network trouble results, the customer is subject to maintenance of Service Charges in addition to the applicable charges for installing a party line instrument adapter.

3. The Telephone Company assumes no responsibility for customer instruments, which are modified under the conditions of this Tariff by company technicians at the customer's request, that subsequently malfunction.

Business customers not needing Information Terminal Service for successful transmission of data may subscribe to an appropriate business rate offering when their use of the service is within the parameters of that described under the application of business rates in the General Exchange Tariff, Section 17, Paragraph 17.3.1. Examples of data transmitting and receiving equipment would include computers, associated buffering devices and/or concentrating devices with store and forward capabilities located on the same premises and shall include equipment used in the provision of Composite Data Service. Teletypewriter machines and similar input terminal devices are not within the provisions of this service.
2. Information Terminal Service working in conjunction with an appropriate modem is the communications link between the data transmitting and receiving equipment and the Telephone Company central office. Information Terminal Service is a business exchange service and, as such, is assigned a telephone number and has incoming and outgoing call capabilities.

(1) Information Terminal Service is not a residential class of service. Residential customers using data transmitting and receiving equipment as described above may subscribe to a residential class of service for this purpose when their use of the service is within the parameters of that described under the application of residence rates in the General Exchange Tariff, Section 17, Paragraph 17.3.

1.2 RATES-(Continued)

1.2.16 Line Status Verification and Busy Line Interrupt-(Continued)

C. Rates

The rates set forth below apply to calls from customers who request local or intraLATA-intrastate assistance in determining line status or attempted interruption of a conversation in progress.

	<u>Rate</u>
1. Line Status Verification, per request	\$.40
2. Busy Line Interrupt, per request.75

If the line verified is not in use or as the result of interrupt the line is cleared, and at the calling party's request the operator completes the call, the applicable Operator Assistance Service Charges apply in addition to the Line Status Verification or Busy Line Interrupt Charge.

D. Exemptions

Charges for line Status Verification and Busy Line Interrupt are not applicable to calls placed from authorized emergency agencies.

Police, Fire, Ambulance and 911/911-Like agencies are those agencies which qualify for this exemption.

MISSOURI
Public Service Commission

These services are available to one-party customers where facilities exist.

- A. Rotary Hunt: The hunt for an idle line starts with the called line in a prearranged group and ends with the last line in the group, completing the call to the first idle line encountered. Unless the first line is called, only a portion of the group is hunted.
- B. Circle Hunt: This feature permits a complete hunt sequence over all the lines in a prearranged group. If no idle line is encountered, the hunt will continue until it reaches the line that was originally called.
- C. Preferential Hunt: Some or all of the lines in a hunt group may have an associated preferential hunt list. This hunt list permits a pre-hunt over a subset or preferential group of lines before hunting through the multiline hunt group.

1.4.3 Discontinuance of Extended Area Service

- A. Southwestern Bell Telephone Company (Company) will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:
 1. Company has received a petition or petitions representing at least 20 percent of the customers from one of the affected exchanges or at least 10 percent of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchangers, at least two years shall have elapsed since the last survey before an additional survey is initiated.
 2. A minimum of 50 percent of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.
 3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service in each of the affected exchanges, together with the appropriate EAS Rate Additive, as soon as is practicable.

Exchange	Current Rates(1)		Exchange Area Included in Extended Area Service Calling Scope
	Residence	Business	
Wyatt	\$2.08(CR)	\$5.26(CR)	Charleston

1.4.3 Discontinuance of Extended Area Service

- A. Southwestern Bell Telephone Company (Company) will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:
 1. Company has received a petition or petitions representing at least 20 percent of the customers from one of the affected exchanges or at least 10 percent of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchangers, at least two years shall have elapsed since the last survey before an additional survey is initiated.
 2. A minimum of 50 percent of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.
 3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service in each of the affected exchanges, together with the appropriate EAS Rate Additive, as soon as is practicable.

(NR) 1.7 COMMUNITY OPTIONAL SERVICE

MISSOURI
Public Service Commission

1.7.1 General

The charges, rules and regulations specified below for Community Optional Service (COS) apply in addition to the established charges for the service with which the service is associated.

1.7.2 Service Description

A. COS is a plan that provides customers in a Qualifying Petitioning Exchange one-way calling or two-way calling with customers in designated exchanges under terms, conditions and rates that differ from those applicable to Extended Area Service, other local calling plans.

B. Explanation of Terms

1. Petitioning Exchange:

The Petitioning Exchange is that exchange whose customers have petitioned the Missouri PSC to have COS calling with the customers in the Target Exchange.

2. Target Exchange:

The Target Exchange is the exchange to which COS calling has been requested.

COS Target Exchanges are classified as Rural or Metropolitan. At this time, the Kansas City Metropolitan Exchange and the St. Louis Metropolitan Exchange are designated to be metropolitan. When a metropolitan exchange is involved in a COS route, the calling area includes the principal First and Second Tier Zones, Third Tier Optional customers and Fourth Tier Special Optional customers. All other Target Exchanges are designated rural.

3. COS Calling Scope:

The COS Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling plus all other exchanges with which customers in the Target Exchange have Extended Area Service (EAS). Calling Scopes may also include other expanded calling areas but only through the application of COS rates deemed appropriate by the Missouri Public Service Commission. If the Target Exchange is metropolitan, the COS calling scope associated with it is considered metropolitan.

LOCAL EXCHANGE TARIFF

(MT)(FC) 1.6 OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE

(FC) 1.6.1 Service Description

A. Metropolitan Calling Area (MCA) service is available in three distinct areas in Missouri: the St. Louis MCA, the Kansas City MCA and the Springfield MCA.

B. The St. Louis, Kansas City and Springfield Metropolitan Exchanges are included in the respective MCAs. The basic local calling scope for each of these exchanges is the MCA-wide calling scope 1.5.2, 1.5.3 and 1.5.4 of this tariff.

C. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges

where MCA service is also available, as described in Section 1.6.3 following.

D. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis and Kansas City MCAs, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4 or MCA-5. In the Springfield MCA, exchanges where Optional MCA Service is available are classified as MCA-2.

(FC) 1.6.2. Availability of Service

A. St. Louis MCA

1. The Southwestern Bell Telephone Company MCA-3 exchanges where Optional MCA service is available are: Portage Des Sioux, St. Charles, Chesterfield, Manchester, Valley Park, Fenton, Maxville and Imperial.

2. The Southwestern Bell Telephone Company MCA-4 exchanges where Optional MCA service is available are: Harvester, Pond, Eureka, High Ridge, Antonia and Herculaneum/Pevely.

3. The Southwestern Bell Telephone Company MCA-5 exchanges where Optional MCA service is available are: Gray Summit, Pacific, Cedar Hill, Ware, Hillsboro, Festus/Crystal City, and DeSoto.

4. Usage Charges:

The charges for each call made by customers who buy One-Way Optional Usage-Sensitive COS.

5. Contiguous:

The Petitioning Exchange and the COS Calling Scope are contiguous when they share a geographical boundary.

6. COS Subscriber:

The customer to whom COS is provided and who is responsible for payment of all COS charges.

C. COS is provided via three-call direction/usage payment options. Rates are specified in 1.7.5, below.

1. One-Way optional Flat Rate COS allows COS subscribers to make unlimited outgoing calls to customers located within their COS Calling Scope for a flat rate monthly charge.
2. Two-Way Optional Flat Rate COS allows COS subscribers to make unlimited outgoing calls to and receive unlimited incoming calls from customers located within their COS Calling Scope for a flat rate monthly charge. In addition, this option provides an appearance in and a copy of the White Pages directory of the Target Exchange.
3. One-Way Optional Usage Sensitive COS allows customers in exchanges who have qualified for COS to either the St. Louis Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) or Kansas City Metropolitan Area (Principal Zone, Tiers 1 and 2, 3rd Tier Optional Metropolitan and 4th Tier Special Optional Metropolitan) to make calls to their COS calling scope on a per-call basis, at a discount of fifty percent (50%) off the applicable Long Distance Message Telecommunications Service charges in all rate periods. In addition to these Usage Charges, a flat rate monthly charge also applies as specified in Paragraph 1.7.5 of this tariff.

In order to qualify for COS, customers in the Petitioning Exchange must demonstrate that a community of interest exists with customers in the Target Exchange.

Public Service Commission

CANCELLED

- A. Consideration of eligibility for COS calling is initiated by a petition filed with the PSC by any or all of the following parties:
 - 1. By 25 or more customers in the Petitioning Exchange;
 - 2. By the presiding official(s) of the appropriate city, town or county, served by the Petitioning Exchange;
 - 3. The Office of the Public Counsel on behalf of the customers in the Petitioning Exchange;
 - 4. The Local Exchange Telecommunications Company serving the customers in the Petitioning Exchange.
- B. Petitions requesting COS must specify the Target Exchange with which COS calling is requested. The Target Exchange may be served by another local Exchange Telecommunications Company.
- C. Upon receipt of notice from the PSC that a valid petition has been received, the Company will conduct a study of calling from the Petitioning Exchange to the Target Exchange. These calling studies will be filed with the PSC.
- D. The PSC has ruled that a community of interest is found to exist when the calling studies show that both of the following criteria are met:
 - 1. Customers in the Petitioning Exchange make an average of six calls per access line per month to the Target Exchange;
 - 2. Two-thirds of the customers in the Petitioning Exchange make two or more calls per month to the Target Exchange.

E. If the criteria shown above are found to have been satisfied, the Petitioning Exchange will be certified as a COS Qualifying Exchange and the service will be implemented on a time schedule approved by the PSC.

1.7.4 Regulations

- A. Customers qualifying for the Speech and/or Hearing Handicapped discount on Long Distance Message Telecommunications Service may buy COS with the said discount for calls to the COS calling scope. The Handicapped discount will continue to apply to all other intraLATA calls.
- B. Unless otherwise specified in these regulations, COS is offered to all classes and grades of residence and business customers located in a COS qualifying exchange.
- C. COS is not offered in conjunction with Public, Semi-Public Customer-Owned Pay Telephone or Improved Mobile Telecommunications Services.
- D. When a customer's telecommunications service is arranged for his or her own administrative use versus use by his or her patrons (such customers may include, but are not limited to, hotel/motels, hospitals, or universities), COS may be purchased for the administrative trunks only.
- E. COS is designed and intended for the exclusive use of the end user customers of the Telephone Company. COS is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service. With the exception of Shared Tenant Service, as described in other tariffs of the Telephone Company, COS is available to interexchange carriers or other telecommunication service providers for administrative trunks only.
- F. Unless otherwise specified, COS is subject to the Rules and Regulations applying to all customer contracts as specified in the General Exchange Tariff of the Telephone Company. Furthermore, all Rules and Regulations governing Local Exchange Service apply to COS.
- G. Access to the Local Calling Scope of the Target Exchange
 - 1. When a Target Exchange has Extended Area Service (EAS) with one or more exchanges, as defined in other tariffs of the Telephone Company, customers who qualify for COS will be able to access customers within that extra-exchange local calling scope using COS.

(MT)(FC) 1.6 OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE-(Continued)

(FC) 1.6.6 Revenue Neutrality

The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to Optional MCA service as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of Optional MCA service. A review will be conducted after the Commission has MCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

(AT) 1.7 OPTIONAL BUSINESS RESERVE LINE SERVICE

1.7.1 Description

Business Reserve Line Service is an optional additional local access line service available to business customers who have a need for a low use line in addition to their primary service. Reserve Line Service is provided at a flat monthly rate with usage sensitive charges for both outgoing local calls and all incoming calls.

1.7.2 Regulations

- A. Reserve Line Service is only available to customers who have at least one of the following SWB business main services (as listed in paragraph 1.2.2) at the same customer premises as Reserve Line Service: Business Flat Rate 1-Party, Business Message Rate 1-Party, Business Measured 1-Party, Business Multiline, or Information Terminal Service.
- B. Reserve Line Service must be billed on the same account as the associated main service. If the associated main service is disconnected, the Reserve Line is also disconnected.
- C. Reserve Line Service is not provided in conjunction with Foreign Exchange Service or Foreign Serving Office Service.
- D. A maximum of one Reserve Line is provided per customer premises.
- E. A directory listing is not provided as part of Reserve Line Service. An Extra Listing may be ordered at the customer's option as described in the Directory Listings section of the General Exchange Tariff.
- F. Customer-initiated temporary suspension of service is not offered for an individual Reserve Line. If an entire account is placed on temporary suspension, the Reserve Line Service will also be suspended.
- G. The Paralleling Service restriction (General Exchange Tariff, paragraph 17.5.2) does not apply to Reserve Line Service.
- H. Reserve Line Service is only available in equipped central offices.
- I. Due to technical limitations, Reserve Line Service can not be included in a hunt group. At the customer's option, a call forwarding service may be purchased for the last line in a hunt group so that calls can be forwarded to the Reserve Line.

1.7 OPTIONAL BUSINESS RESERVE LINE SERVICE

1.7.2 Regulations (cont'd)

- J. Reserve Line Service is not compatible with any service that has usage sensitive billing for incoming calls. For example, Common Line 800 Service is not compatible with Reserve Line Service. In addition, Reserve Line Service is not compatible with some AIN-based services, such as Intelligent RedirectSM.

1.7.3 Rate Application

- A. The Business Service and Equipment Charges found in paragraph 1.2.2 I of this tariff apply to Reserve Line Service. The Service and Equipment Charge will be waived if a customer converts from Reserve Line Service to one of the Business Services listed in 1.7.2 A.
- B. Any supplemental charges, surcharges or fees that apply per local access line are applicable per Business Reserve Line.
- C. Reserve Line Service has the same optional toll calling plans available as the customer's main service line.
- D. Usage rates apply in addition to the monthly rate per Business Reserve Line. Usage is billed per month on a summary basis. Usage rates apply per minute of use for all incoming calls and for all outgoing local calls. Usage charges apply to all outgoing calls, except those that are placed to Southwestern Bell Telephone Company (i.e., Directory Assistance, repair service, business office), toll and the authorized local emergency number, 9-1-1. The non-optional local calling scope for Reserve Line Service is defined by the same exchanges and zones as the local exchange main services listed in 1.2.2.

(AT) 1.7 OPTIONAL BUSINESS RESERVE LINE SERVICE

1.7.2 Regulations (Continued)

MISSOURI
Public Service Commission

J. Reserve Line Service is not compatible with any service that has usage sensitive billing for incoming calls. For example, Common Line 800 Service is not compatible with Reserve Line Service. In addition, Reserve Line Service is not compatible with some AIN-based services, such as Intelligent RedirectSM.

1.7.3 Rate Application

- A. The Business Service and Equipment Charges found in paragraph 1.2.2 I of this tariff apply to Reserve Line Service. The Service and Equipment Charge will be waived if a customer converts from Reserve Line Service to one of the Business Services listed in 1.7.2 A.
- B. Any supplemental charges, surcharges or fees that apply per local access line are applicable per Business Reserve Line.
- C. Reserve Line Service has the same optional toll calling plans available as the customer's main service line.
- D. Usage rates apply in addition to the monthly rate per Business Reserve Line. Usage is billed per month on a summary basis. Usage rates apply per minute of use for all incoming calls and for all outgoing local calls. Usage charges apply to all outgoing calls, except those that are placed to Southwestern Bell Telephone Company (i.e., Directory Assistance, repair service, business office), toll and the authorized local emergency number, 9-1-1. The non-optional local calling scope for Reserve Line Service is defined by the same exchanges and zones as the local exchange main services listed in 1.2.2.

1.7.3 Rate Schedule

A. Monthly Rate per Business Reserve Line by Rate Group

<u>Rate Group</u>	<u>Monthly Rate</u>
A	\$9.30
B	12.70
C-Principal	14.50
C-Metropolitan Calling Area--1	15.45

1.7.7 Revenue Neutrality

A. The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to the COS qualifying routes as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of COS. A review will be conducted after the Commission has completed an audit of COS losses and the revenue recovery mechanism gains, as a result of COS service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

(AT) 1.8 OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE

1.8.1 Service Description

- A. Metropolitan Calling Area (MCA) service is available in three distinct areas in Missouri: the St. Louis MCA, the Kansas City MCA and the Springfield MCA.
- B. The St. Louis, Kansas City and Springfield Metropolitan Exchanges are included in the respective MCAs. The basic local calling scope for each of these exchanges is the MCA-wide calling scope as described in sections 1.6.2, 1.6.3 and 1.6.4 of this tariff.
- C. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in Section 1.8.4 following.
- D. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis and Kansas City MCAs, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4 or MCA-5. In the Springfield MCA, exchanges where ~~Optional MCA~~ Service is available are classified as MCA-2.

1.8.2. Availability of Service

1.8.6 Revenue Neutrality

The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to Optional MCA service as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of Optional MCA service. A review will be conducted after the Commission has completed an audit of MCA losses and the revenue recovery mechanism gains, as a result of MCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

PROMOTIONS

1. A promotional period will be established from December 18, 2000 through March 16, 2001. During the promotional period, residential customers who add an additional access line will receive a waiver of 50% off of the applicable installation charges. Residential customers who install more than one additional line during the promotional period will receive the waiver for each line installed. Previously existing additional lines are not eligible for the promotion.
2. The Telephone Company will establish a promotional period from August 4, 2000 through December 31, 2001 for residence customers who have disconnected their local network access line service with the Telephone Company for the purpose of establishing service with another local exchange carrier within the Telephone Company's service area and who now wish to return to the Telephone Company. During this promotional period, the normally applicable nonrecurring Service Connection Charges will be waived for residence customers returning to the Telephone Company. The residence customer must: 1) not have had service disconnected for nonpayment, and 2) not have had any past due bills for regulated service owed to the Company.
3. A promotional period will be established from May 1, 2002 through June 30, 2002. During the promotional period, business customers who add one or more access lines will receive one \$25 coupon per additional line ordered and installed. No more than four coupons may be redeemed per customer account during the promotional period. Coupons must be returned by August 15, 2002 for redemption. Eligible business access services include flat rate business lines, message rate business lines and multi-line service. Previously existing additional lines are not eligible for the promotion. This promotion may not be combined with other business access line offers.

1. For the period of December 29, 2004 through December 31, 2005, residence customers who currently have their Local Network Access Line service with another local exchange carrier within the Company service area and who now wish to establish this service with the Company are eligible for this promotional offer. During this promotional period, the normally applicable nonrecurring Service Connection Charges will be waived on the primary and any additional access line. Residence customers who have past due bills for regulated services owed to the Company are eligible for this promotion as long as they have established mutually acceptable payment arrangements with the Company.
2. This offer provides eligible business customers who subscribe to Telebranch a \$5.00 monthly rate for Telebranch for the first 12 months. In addition, eligible customers will receive a waiver of the non-recurring charges to add Telebranch. The monthly rate will be discounted for each local path and for each additional path. Usage charges will be applicable as tariffed. This promotion will run from November 18, 2004 through November 17, 2005.

Eligible customers are as follows:

- Business customers who have their exchange access service with another carrier and who now establish their exchange access service with SBC.
- Customers must retain Telebranch for 12 consecutive billing cycles, in order to receive the full benefit of this offer.
- Any customer who discontinues Telebranch prior to the required 12 billing cycles, will forfeit any remaining credits.
- This Telebranch promotion cannot be combined with other Telebranch offers.
- To qualify for this offer the CFN number of the Telebranch service must terminate to an SBC business access line.
- Eligible business customers are those subscribers who have not had service disconnected for non-payment or do not have any past due bills for regulated service owed to SBC.

PROMOTIONS

1. The Telephone Company will offer a promotion to waive the \$51.77 Service and Equipment Charge for additional Business Access Lines ordered between March 29, 2001 and June 11, 2001. For new customers who order more than one line, this promotional offer applies only to the first additional line. No credit is given for the main line. This credit will apply to only additional flat rate business lines, multiline and reserve lines. This credit will be applied to the customer's first bill following installation. There is no service retention period associated with this promotion. This promotion may not be combined with other business access line offers.

For the period of December 23, 2002 through December 22, 2003, residence customers who have disconnected their local network access line service with SWBT for the purpose of establishing service with another local exchange carrier within the SWBT service area and who now wish to return service with SWBT are eligible for this promotional offer. During this promotional period, the normally applicable non-recurring Service Connection Charges will be waived on the primary and any additional access line. In addition, those customers returning service to SWBT and also subscribing to the SBC AdvantageSM, EssentialsSM, The BASICS or The WORKS packages will receive a waiver of the non-recurring charges associated with these packages. Residence customers who have past due bills for regulated services owed to the Company are eligible for this promotion as long as they have established mutually acceptable payment arrangements with the Company.
