**ORDER GRANTING APPLICATIONS TO
INTERVE AND ORDER DIRECTING FILING**

Issue Date: November 19, 2024

Effective Date: November 19, 2024

On October 18, 2024, Union Electric Company d/b/a Ameren Missouri filed the above-referenced application. Ameren Missouri wishes to own, operate, maintain, and otherwise control and manage a new substation, and to reconfigure an existing transmission substation, in Cooper County, Missouri.

The Commission directed notice and set a deadline of November 5, 2024, for applications to intervene. The Commission received timely applications to intervene from: Janice Payne, Gary Estes, Lynn Calicott, Blair Gardner, and Renew Missouri. More than ten days have passed since the application was filed and no one has responded.

After considering the unopposed application to intervene, the Commission finds that the applicants have interests which are different from that of the general public and allowing them to intervene will serve the public interest. Therefore, in accordance with Commission Rule 20 CSR 4240-2.075(3), the Commission will grant the applications to intervene.

The Commission will further order the parties to file a proposed procedural schedule or alternative pleading.

THE COMMISSION ORDERS THAT:

1. The applications to intervene filed by Janice Payne, Gary Estes, Lynn Calicott, Blair Gardner, and Renew Missouri are granted.
2. The parties shall file a proposed procedural schedule or an alternative pleading no later than November 26, 2024.
3. This order shall be effective when issued.
