Doyle Land Services, Inc. maps are depictions. The information upon which the maps are based is obtained from numerous sources including state, county, and local land records and assessment data. Map data is acquired from third party commercial sources and is from time to time provided by the client. Some map data may be in the public domain. Because the source data may or may not be survey accurate, Doyle Land Services offers this product "as is" without expressed or implied warranty. Doyle Land Services is not a survey company. It employs neither surveyors or survey equipment. It performs no field collection of geo-referenced data.
