Subject: RE: County Data File

Per our open records policy the assessment roll is \$1,800.

I can email the assessment roll if that is okay with you. Otherwise I will need a thumb drive and associated cost of postage for mailing the device.

Subject: County Data File

Hello,

We spoke about getting a complete county data file from you for our upcoming project. Please let me know if we need to send a flash drive along with payment to your office for completion of this request. I can overnight payment (and flash drive if required) or you can send us an invoice upon completion, whichever you prefer!

Please confirm the \$1,600 amount for this task and let me know how you would like to proceed.

Best,

Emerald Baldwin
