Bundled Service Revenue: If telecommunications or IVoIP service is bundled with non-regulated services then a company may apply either of two methods in reporting bundled revenue in Column A. Method 1: Report bundled revenue in Column A based on the unbundled rate for telecommunications or IVoIP service; or Method 2: Report all bundled revenue in Column A.

<sup>6</sup> Retail Non-Switched Private Line Service Revenue: If 10% of more of the customer's private line network traffic is considered interstate traffic then 100% of the customer's non-switched private line service revenue can be classified as interstate traffic.
