2. RULES AND REGULATIONS (continued)

2.11 Service Connection and Facilities on Customer's Premises (continued)

Customer will be held responsible for loss of or damage to any facilities furnished by the Company unless such loss or damage is due to causes beyond the Customer's control.

At the termination of service the Company may remove any and all of its property located at the Customer Premises, as provided for in this Tariff.

No equipment apparatus, circuit or device not furnished by the Company shall be attached to or connected with the facilities furnished by the Company, whether physically, by induction or otherwise, except as provided in this Tariff. In case any such unauthorized attachment or connection is made, the Company shall have the right to remove or disconnect the same; or suspend the service during the continuance of said attachment or connection; or to terminate the service.

3. TOLL SERVICES

3.1 Description

- 3.1.1 Toll service is furnished for telephone communication between telephones in different local calling areas within the state in accordance with the regulations and schedules of charges specified in this Tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff. Services include outbound (switched and dedicated access), inbound (switched and dedicated access), and travel card services. Toll service is an optional service available to Customers obtaining dial-tone from the Company.
- 3.1.2 Outbound toll service offers Customers an outbound, "1+" dialed long distance service for calls originating and terminating in the State of Missouri, and is available using either switched access or dedicated origination.
- 3.1.3 Inbound toll service offers Customers an inbound toll service for calls originating and terminating in the State of Missouri, and is available using either switched access or dedicated access termination. This service enables the caller to contact the inbound toll service Customer without the caller incurring toll charges. Calls are placed by dialing a toll free "800 or 888 number."
- 3.1.4 Travel Card service is a service which allows the Customer to place calls from lines other than the Customer's presubscribed location and charge the call to the presubscribed location. The Customer may place calls from any touch tone in the U.S. by dialing a toll free "800 or 888 number" and entering a personal identification code, followed by the desired telephone number. Travel Card calls are billed at the Company's rates and appear on the Customer's monthly long distance bill.
