ORDER APPROVING COMPLIANCE TARIFF

Issue Date: May 2, 2025

Effective Date: May 14, 2025

On April 30, 2025,¹ Spire Missouri Inc. d/b/a Spire filed the above-referenced tariff, which bears a May 30 effective date. Contemporaneously therewith, Spire filed a *Motion for Expedited Treatment*, in which it asked the Commission to approve the tariff to become effective on May 14. Spire filed the tariff in response to an April 30th *Order Approving Infrastructure System Replacement Surcharge* (Order).

The Commission directed that a recommendation by the Staff of the Commission (Staff) and any responses to Spire’s tariff sheet and motion for expedited treatment be filed no later than 10:00 a.m. on May 2. The Commission ordered that any responses to Staff’s recommendation be filed no later than 12:00 p.m. on May 2.

Staff filed its Recommendation on May 1. Staff states that the tariff sheet complies with the Commission’s Order and, thus, the Commission should approve it. Staff requests that the order approving the tariff have at least a ten-day effective date after its issue date. The Commission received no other responses.

Commission Rule 20 CSR 4240-2.080 (14) (B) requires that a motion for expedited treatment set out the “harm that will be avoided, or the benefit that will accrue,” and

¹ Unless otherwise noted, all date references are to the year 2025.

include “a statement of the negative effect, or that there will be no negative effect on the party’s customers or the general public” if the Commission acts as requested. Spire’s motion states the following:

Spire Missouri submits that the benefit that will accrue by expedited approval is that the Company will be able to timely recover the investments that it has made into maintaining its safe and reliable system for its customers. The harm that will be avoided is delayed recovery of these prudent infrastructure investments. At the same time, there will be no negative impact on the Company’s customers or the general public if the Commission grants such relief.

The Commission finds the tariff sheet complies with its Order and, thus, will approve it. The Commission further finds Spire has articulated good cause in accordance with Section 393.140(11) for granting expedited treatment. Thus, the Commission will grant the *Motion for Expedited Treatment*. As good cause has been found to grant expedited treatment, and no party has opposed the tariff sheet going into effect on May 14, the Commission finds it reasonable to make this order effective in less than 30 days.

THE COMMISSION ORDERS THAT:

1. Spire’s *Motion for Expedited Treatment* is granted.
2. The following tariff sheet, assigned Tariff No. JG-2025-0148, is approved to be effective on May 14, 2025:

P.S.C. MO. No. 9

Eighth Revised Sheet No. 12, Cancelling Seventh Revised Sheet No. 12

3. This order shall be effective on May 14, 2025.
4. This file shall close on May 15, 2025.
