14. Digital Link Services Concurrence

MISSOURI
Public Service Commission

The Company concurs in the rules and regulations governing intrastate intra-LATA interexchange Digital Link Service as set forth in Oregon Farmers Mutual Telephone Company's tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Digital Link Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Digital Link Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Digital Link Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

DISTANCE LEARNING COMMUNICATIONS SERVICES CONCURRENCE

MISSOURI
Public Service Commission

The Company concurs in the rules and regulations governing intrastate interexchange Distance Learning Communications Service as set forth in Oregon Farmers Mutual Telephone Company's Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for Distance Learning Communications Service of Oregon Farmers Mutual Telephone Company. Rates for these services are set out in the following pages of this concurrence.

PROVISION OF SERVICES

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to customers, upon reasonable notice, services of the type offered in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Oregon Farmers Mutual Telephone Company's Distance Learning Communications Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

CANCELLATION RIGHTS

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

16. Missouri School Discount Program

16.1 Description

MISSOURI
Public Service Commission

A. General

1. A discount from standard monthly rates for local exchange service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Opportunity Program, as enacted by the Missouri State Legislature.
2. Upon the customer's request, a discount of twenty percent (20%) from standard monthly access line rates may be allowed to educational institutions within the Company's certified area, as determined in Paragraph 3 following.
3. An educational institution shall be defined as an accredited public or private school in the state of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federation of non-Public Schools Accrediting Association, Independent Schools Association of The Central States, North Central Association of Colleges and Schools, and/or the University of Missouri-Columbia. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
4. The qualifying discount will be permitted only on the local exchange access line. All other features, ancillary services or options, relative to the particular service, shall continue to be filed at the appropriate tariffed rates.
5. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
6. In addition to meeting the qualification specified in Paragraph 3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.

UNIVERSAL EMERGENCY NUMBER SERVICE (911) **RECEIVED**

17. Universal Emergency Number Service (911)

APR 3 1997

17.1 Description

**MISSOURI
Public Service Commission**

A. General

1. Enhanced Emergency Number Service, also referred to as E911 Service, is a telephone exchange communication service whereby a Public Safety Answering Points (PSAP) designated by the customer may receive and answer telephone calls placed by dialing 911. It includes the services provided by the lines and equipment associated with the service arrangement, for the answering, transferring, and dispatching of public emergency telephone calls dialed to 911.
2. Equipment used in conjunction with Enhanced 911 Services located at the PSAP is the responsibility of the customer.
3. E911 Service is offered subject to availability of facilities.
4. The E911 service customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police and fire and other services within the telephone Central Office areas arranged for E911 Service calling.
5. Enhanced 911 Service is available in four elements as follows:
 - a. Dedicated 911 Central Office Circuits - Arranged for incoming use only in conjunction with an E911 Service.
 - b. ANI Spill - Provides for the telephone number of the calling party to be forwarded to the PSAP.

17.1 Description (Cont'd)

MISSOURI
Public Service Commission

A. General (Cont'd)

5. Enhanced 911 Service is available in four elements as follows: (Cont'd)

b. (Cont'd)

- (1) ANI Spill does not guarantee the capability of forwarding the number of an off premise extension; or stations behind business systems will possess the identity of the main billing number.
- (2) ANI Spill can only be provided with the use of dedicated facilities from the central office serving the end user to the PSAP.
- (3) The PSAP's premises equipment used in conjunction with E911 ANI Spill Service must be reviewed by the Telephone Company to determine the compatibility of the unit with the E911 Service requested.

c. PSAP Data Base Update Service - Provides the PSAP with an initial list, as well as periodic updates, of customer names, telephone numbers, and addresses. Procedures and timing will be mutually agreed upon by the Customer and the Company.

d. Selective Routing Service - Available when an E911 System is served by more than one PSAP or when a central office is split by a political boundary and one of the political areas does not subscribe to 911 Services. This service routes the call to the correct PSAP or to a recording/operator, as appropriate, based on the caller's telephone number. Selective routing is available only in central offices equipped for digital operation.

17. Universal Emergency Number Service (911) (Cont'd)

APR 3 1997

17.2 Rules and Regulations

MISSOURI
Public Service Commission

- A. This Service is limited to the use of central office telephone number 911 as the universal emergency telephone number. Only one E911 Service will be provided within any government agency's locality.
- B. The 911 emergency telephone number is not intended as a total replacement for the telephone service of the various public safety agencies which participate in the use of this number. The public safety agencies will subscribe to other exchange telephone service as provided in this tariff.
- C. The Service is furnished to the customer only for the purpose of receiving reports of emergencies by the public.
- D. E911 Service is a telephone exchange communications service and is arranged for one-way incoming service to an appropriate PSAP.
- E. E911 Service is provided solely for the benefit of the customer operating the PSAP; the provision of such service shall not be interpreted, construed, or regarded either expressly or implied, as being for the benefit of, or creating any Company obligation toward, or any right of action on behalf of, any third person or legal entity other than the customer.
- F. The Company does not undertake to answer and forward E911 Service calls, but furnishes the use of its facilities to enable the customer's personnel to accept such calls on the customer's designated premises.
- G. E911 Service information consisting of the name, address and telephone numbers of telephone customers whose listings are not published in directories or listed in directory assistance offices is confidential, however, such information may be provided for the purpose of responding to emergency E911 Service calls or as otherwise required.
- H. Any party residing within the E911 Service district forfeits the privacy afforded by nonpublished service to the extent that the telephone number and address associated with the originating station location are furnished to the PSAP.

- J. The Company's entire liability to any person for interruption or failure of E911 Service shall be limited by the terms set forth in this section and other sections of this tariff.
- K. The customer shall have the responsibility to determine whether the system is functioning properly for its use and shall promptly notify the Company in the event the system is not functioning properly.
- L. E911 Service will be furnished by the Company to provide at least the same level of service reliability and quality as local exchange telephone service in the exchanges where E911 Service is offered.
- M. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- N. Application for E911 Service must be executed in writing by each customer and must be accompanied by satisfactory proof of authorization to provide E911 Service in the exchanges where service is requested. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any E911 Service request.

O. In addition to all other terms and conditions, the following requirements will apply:

1. The customer will answer all E911 Service calls on a 24-hour day, seven-day week basis.
 2. The customer has the responsibility for dispatching the appropriate emergency service within the E911 Service area, or will undertake to transfer all E911 Service calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 3. The customer will develop an appropriate method for responding to calls for nonparticipating agencies which may be directed to an E911 Service PSAP by calling parties.
 4. The customer will subscribe to a minimum of two dedicated E911 circuits per exchange for adequate handling of incoming E911 Service calls.
 5. The customer will subscribe to additional local exchange service at the PSAP location for administrative purposes, for placing of out-going calls and for receiving other emergency calls including any which may be relayed by the Telephone Company operators.
- P. The Telephone Company will load and establish the initial Data Base into the PSAP customer's equipment from the Company's master list. It will be the responsibility of the PSAP customer to verify and update location and special record information on end-user. Data Base Update Service will be provided to the PSAP customer on a cycle basis. 17.3 Rates and Charges

- A. The rates and charges for 911 Service will be determined on an individual case basis and will be in the form of Direct Sale Cost, special assembly or lease for PSAP Equipment, non-recurring charges, and recurring monthly charges. Individual features requested by the customer include, but are not limited to, direct sale or lease of PSAP equipment, central office modifications, data base preparation, data base management, trunking and maintenance.
- B. Direct Sale or Lease of PSAP equipment shall be on terms mutually agreeable to the Company and the customer.
- C. Non-recurring charges for 911 Service will be made to one entity (normally a city or county) based on contracts mutually agreeable to the Company and the customer and tariffed rates.
- D. The monthly rate in addition to the charges in B and C above shall be set forth in the mutually agreeable contract.
- E. The above rates apply in addition to applicable rates and charges for Private Line and Leased Line Services.
- F. Service charges may apply as specified in other sections of the tariff when applicable.
- G. Tie Lines, Private Lines, and Extension Lines

Tie lines, private lines, extension lines and other such lines connecting a PSAP to various agencies such as police, fire, or ambulance service, are provided at established tariff rates for such services and facilities as specified in this and other appropriate tariffs.

MISSOURI
Public Service Commission

H. Special Service Arrangement Charges

If E911 Service requirements cannot be met with regularly offered service arrangements, special arrangements will be furnished, when practical, by the Company at charges designed at least to recover the incremental costs of furnishing such arrangements. These special charges will be applicable to such items as engineering and special program development associated with billing and data base management.

I. Program Development Charges

These charges are applicable to the work necessary to design, develop, test, and maintain any special programming required to support E911 Service, its billing and its data base management. The rate will be designed to at least recover the incremental costs of providing such service.

J. Records Conversion Charges

These charges are applicable to the work necessary to design, review, modify, and maintain any Company customer records keeping systems in order to support E911 Service, its billing and data base management. The rate will be designed to at least recover the incremental costs of providing such service.

K. Changes to Orders

When a customer requests changes for a pending order for the provision of emergency service in writing, the changes will be undertaken if they can be accommodated by the Company personnel and will be billed to the customer at the appropriate hourly charges.

L. Cancellation of Order

Cancellation of the service, in whole or in part, by the customer prior to establishment thereof, will require payment of an amount equal to the costs incurred up to the time of cancellation resulting from the customer's order for service in writing, but not to exceed the total nonrecurring charges. Any cancellation of the service after establishment will require reimbursement to the Company equal to an amount of the unrecovered installation and equipment cost provided to the customer for E911 services.
