ORDER DIRECTING FILING

Issue Date: November 13, 2015

Effective Date: November 13, 2015

On April 1, 2015¹, Union Electric Company, d/b/a Ameren Missouri filed its 2014 cost study detailing its latest cost estimate for decommissioning the company's Callaway nuclear power plant. Ameren Missouri asks the Commission to accept its cost report, approve the company's decommissioning cost estimate, continue the company's annual accrual at current levels, and find that Callaway decommissioning costs are included in Ameren Missouri's current cost of service and are properly reflected in current rates for ratemaking purposes.

On November 2, Ameren Missouri filed a Status Report. That report indicated that Ameren Missouri plans to file a supplemental application no later than November 30. Staff responded on November 12. Staff did not agree with all of the characterizations made in the November 2 Status Report. However, Staff did not appear to object to Ameren Missouri's request to file a supplemental application.

The Commission will order the parties to file further pleadings.

¹ Calendar references are to 2015.

THE COMMISSION ORDERS THAT:

1. The parties shall file a pleading or pleadings stating how they would like to proceed no later than November 30, 2015. A supplemental application will meet the requirements of this order and, if such an application is filed, no other party is required to file a pleading on November 30, 2015.
2. This order shall be effective when issued.
