

# Schedule CB-7

Evergy MO Metro and MO West  
Case Name: 2025 Approval of Large Load Service Rate Plan and Associated Tariffs  
Case Number: EO-2025-0154

Requestor Ezenwanne Obianuju -  
Response Provided March 26, 2025

Question:0053

How will the Company evaluate the compatibility of multiple customer requests within a single resource plan? What criteria or process does the Company use to ensure the requests are compatible with one another, while maintaining the ability to provide safe, reliable and efficient service to all customers involved?

**RESPONSE:** (do not edit or delete this line or anything above this)

**Confidentiality:** PUBLIC

**Statement:** This response is Public. No Confidential Statement is needed.

**Response:**

Given the wide range of possible resources and resource combinations, the Company is unable to detail how compatibility will be evaluated. In general, the Company must ensure the resources included in the resource plan provide appropriate and equivalent service to customers as would be received under a plan produced by the Company without customer participation through the Clean Energy Rider. Any request that cannot meet this goal would not be included in the resource plan.
